PART 1

INTRODUCTION AND BACKGROUND

1.1 Summary of Opportunity

This RFP is issued by Canoe Procurement Group of Canada for the provision of its National Tire Program. The intended outcome of this competitive solicitation is for Canoe Procurement Group of Canada to form compliant supplier partnerships for the purposes of providing a comprehensive Tire Program for Members within the broader public and MASH sectors across Canada. This National Tire Program is to include OTR, Construction, Industrial, Compact, Agricultural, Truck, Passenger Light Truck, Retread, and additional tire categories not mentioned. Additionally, the National Tire Program is to include service and product warranties, national account labour rates, member training, marketing and promotion, seasonal promotions, and other applicable elements from the manufacturer or dealer network that supports a best value solution for Members.

More detailed requirements are set out in the Appendix 1 - Goods/Services.

This RFP may result in the award of one or more Agreements. The maximum initial term of the Agreement is intended to be for a period of 3 years, with an option in favour of Canoe Procurement Group of Canada to extend the term (*without any other change in the Agreement*) for 1 additional period of up to 2 years for a combined 5-year total term length.

The value of contracts resulting from this RFP is projected at \$6,500,000 annually, however this is an estimate only and not a commitment or guarantee of purchase volumes or value.

A Supplier may be allocated a Canada wide contract or a contract for specific geographical locations or provinces based on the Supplier's network and capability, and on the evaluation process under this RFP.

The Canoe Procurement Group of Canada requests that Proponents submit their entire line of Goods/Services as it applies and relates to the scope of this RFP

THIS IS A NON-BINDING RFP. IT IS CONCEIVABLE THAT THESE EVENTS WILL NOT OCCUR DUE TO THE DISCRETION OF CANOE PROCYUREMENT GROUP OF CANADA AND/OR ANY PROPONENT TO NOT PROCEED, AS THERE IS NO LEGALLY BINDING OBLIGATION ON CANOE PROCUREMENT GROUP OF CANADA OR ANY PROPONENT TO PROCEED. SEE SECTION 2.3 (Not a Tender, No "Contract A" / "Contract B").

1.2 About Canoe Procurement Group of Canada and Other Provincial Associations Represented in this RFP

The Canoe Procurement Group of Canada is the lead agency in a group of partners representing MASH, public, and not-for-profit entities across Canada. Canoe Procurement Group of Canada is a public agency, incorporated by Alberta legislation, and is registered in a number of provinces across Canada. On behalf of its partner organizations, Canoe Procurement Group of Canada facilitates a competitive solicitation and contracting process on behalf of and based on the needs of itself and Members. This process results in regional and/or national procurement contracts with various Suppliers of products/equipment and services which Member's desire to procure.

Canoe Procurement Group of Canada is governed by publicly elected officials that serve as the RMA Board of Directors. RMA's Board of Directors oversee and authorize the calls for all new proposals and holds those resulting contracts for the benefit of its own and Members' use.

The Canoe Procurement Group of Canada currently serves over 2,200 Member agencies nationally. Both membership and utilization of Canoe Procurement Group of Canada contracts continue to expand, due in part to the increasing acceptance of cooperative purchasing throughout the government and education of communities nationally. The Canoe Procurement Group of Canada is currently partnered with the following provincial counterparts:

- Civicinfo BC ("**Civicinfo**");
- Rural Municipalities of Alberta ("**RMA**");
- Saskatchewan Association of Rural Municipalities ("**SARM**");
- Association of Manitoba Municipalities ("**AMM**");
- Local Authorities Services ("**LAS**");
- Municipalities Newfoundland & Labrador ("**MNL**");
- Federation of PEI Municipalities ("**FPEIM**");
- Nova Scotia Federations of Municipalities ("**NSFM**");
- Union of the Municipalities of New Brunswick ("**UMNB**");
- Northwest Territories Association of Communities ("**NWTAC**").

In addition, this RFP may apply to other public sector and not for profit entities in Yukon Territory, Nunavut and the rest of Canada.

For a complete list of current Canoe Procurement Group of Canada members, as well as the current members of the provincial associations represented in this RFP, and other entities represented in this RFP see <https://rmalberta.com/wp-content/uploads/2020/11/Provincial-Associations-Public-Sector-Agencies-2020-2.xlsx>.

Please note, "Members", as referred to in this RFP, include all of those listed, whether current or potential future members, but does not in any way guarantee that any or all Members will want to participate.

1.3 Why Respond to a Cooperative Purchasing RFP

Cooperative purchasing creates value for municipal, academic, health and social services sector agencies, including urban municipalities, counties, districts, rural municipalities, schools, electrical/gas and irrigation associations and other not for profit agencies as well as for Suppliers of products/equipment and services in a variety of ways.

- It potentially saves time and effort for purchasers, who otherwise would have to solicit Supplier responses through individual competitive procurement processes, resulting in individual

contracts. Considerable time and effort are also potentially saved by Suppliers who would have had to otherwise respond to each of those individual competitions. A single, cooperative advertised RFP, resulting in single and potentially multiple cooperative contracts can potentially replace many individual RFPs for the same equipment/products/services that might have been otherwise advertised by individual Members.

- It leverages the collective purchasing power of hundreds of Members. Our contract terms and conditions offer the opportunity for Suppliers to recognize individual Member procurement volume commitment through additional volume-based contract discounts. Although no sales or sales volume is guaranteed by any contract resulting from this RFP, substantial volume is anticipated, and volume pricing is requested and justified.

Canadian and provincial legislation that permit or encourage cooperative purchasing contracts do so with the belief that cooperative efficiencies will result in lower prices, better overall value, and considerable time savings through an open, transparent and competitive procurement process.

1.4 Intent of this RFP

Any contract awarded through this RFP will enable purchases by Members nationally and/or regionally based on the Supplier's Proposal and subsequent Agreement, through a cooperative effort between the Supplier, Canoe Procurement Group of Canada, and other partner associations that choose to adopt subsequent awarded contracts. Proponents are expected to offer price levels reflective of the potential and collective volume of cross-Canada membership.

1.5 Single or Multiple Awards

Canoe Procurement Group of Canada may select a single or multiple Proponents with whom to negotiate a contract with the goal of awarding a single contract or multiple contracts.

Also, if Canoe Procurement Group of Canada has organized the Goods/Services into separate classes or categories, Canoe Procurement Group of Canada may award multiple contracts based on which Proponent is the Ranking Proponent for a particular class or category.

In the event of the Canoe Procurement Group of Canada selecting multiple Proponents, the Members will enter into contracts with the Proponent(s) based on the best overall value as assessed by the Member in their sole discretion.

1.6 Manufacturer vs. Distributor/Reseller

Non-Manufacturer Awards: Canoe Procurement Group of Canada reserves the right to make a selection under this RFP of a non-manufacturer or dealer/distributor if such action is in the best interests of Members. Parts and service providers should provide pricing structure for all incidental work performed on behalf of Members and must provide documentation from manufacturers confirming the dealer/distributors' ability to provide the solutions as proposed.

1.7 Manufacturer / Wholesale Distributor as Proponent

Unless stated otherwise, a manufacturer or wholesale distributor Proponent is assumed to have a documented relationship with their dealer network where that dealer network is informed of, and authorized to accept, purchase orders pursuant to any contract resulting from this RFP on behalf of the

manufacturer or wholesale distributor Proponent. Any such dealer will be considered a sub-contractor of the Proponent. The relationship between the manufacturer and wholesale distributor Proponent and its dealer network must be proposed at the time of the submission if that fact is properly identified.

1.8 Dealer/Reseller as Proponent

If the Proponent is a dealer or reseller of the Goods/Services, the Proponent must document their authority to offer those Goods/Services.

1.9 Agreement

It is expected that the Ranking Proponent, if any, will be invited to negotiate (and, if acceptable to Canoe Procurement Group of Canada and the Ranking Proponent, sign) a comprehensive agreement (the “**Agreement**”) setting out the terms and conditions that will apply to the purchase of Goods/Services.

Appendix 2 – Form of **Agreement** sets out the form that Canoe Procurement Group of Canada intends to use as the basis for a negotiated agreement (the “**Form of Agreement**”).

If, despite submitting questions and reviewing any responsive addenda, it should describe all of those changes in its Proposal. This helps to ensure that (if Canoe Procurement Group of Canada wishes to negotiate those changes) any negotiations can be completed within the time allocated to negotiations.

It is intended that only a single Ranking Proponent will be selected to sign an Agreement (however, Canoe Procurement Group of Canada reserves the right to select more than one Ranking Proponent to sign an Agreement).

Rated elements will be scored and failure by a Proponent to fully address any rated element will affect the Proponent's evaluation and final score under Part 4 (Evaluation Process).

Pricing information is to be provided per Form A – .

**PART 4
EVALUATION PROCESS**

4.1 General

The evaluation of the Proposals will be conducted by the Evaluation Team in several stages, as described below. The stages and the points allocated to each stage of the evaluation process are as follows:

Stage	Description	Points	Minimum Score
I	Mandatory Requirements	(Pass/Fail)	Pass
II	Rated Elements	700	-
III	Discount & Pricing	300	-
IV	Reference Verification	(Pass/Fail)	Pass
	Total	1,000	65%

4.2 Stage I – Review of Mandatory Requirements (Pass/Fail)

A Proposal must meet the requirements set out in the Mandatory Requirements Schedule.

Stage I will consist of a review to determine which Proposals comply with those requirements.

Subject to Section 2.12 (Rectification Period), if a Proposal fails to satisfy all of those requirements then it will be disqualified.

4.3 Stage II – Evaluation of Rated Elements

The Evaluation Team will score each Eligible Proposal according to the rated elements listed in the Rated Elements Schedule.

Unless otherwise provided in this RFP, each rated element will be generally evaluated in accordance with the following methodology. Where a given criterion is not scored out of 10 points, the Proponent will receive a score for that criterion that is based on its score out of 10 according to this Section, but pro-rated based on the maximum score attributable to that criterion.

Score	Description
10	<p>All the following are true:</p> <ul style="list-style-type: none"> • information addresses all material points, AND • information has no shortcomings / deficiencies, and is credible, AND • information is fully consistent with the rest of the Proposal
8-9	<p>As with 10, except information contains shortcomings / deficiencies that slightly weaken the credibility / persuasiveness / value of the Proposal.</p>
7	<p>As with 10, except one of the following is true:</p> <ul style="list-style-type: none"> • information addresses most (but not all) material points, OR • information contains shortcomings / deficiencies that weaken the credibility / persuasiveness / value of the Proposal, OR • information is inconsistent with other (non-material) aspects of the Proposal in a manner that raises minor questions as to the credibility of the information.
5-6	<p>As with 10, except two or more of the following are true:</p> <ul style="list-style-type: none"> • information addresses most (but not all) material points, AND/OR • information contains shortcomings / deficiencies that weaken the credibility / persuasiveness / value of the Proposal, AND/OR • information is inconsistent with other aspects of the Proposal in a manner that raises minor questions as to the credibility of the information.
3-4	<p>Any one or two of the following is true:</p> <ul style="list-style-type: none"> • information fails to address most material points, AND/OR • information contains shortcomings / deficiencies that significantly weaken the credibility / persuasiveness / value of the Proposal, AND/OR • information is inconsistent with other aspects of the Proposal in a manner that raises serious questions as to the credibility of the Proposal
1-2	<p>Any one or two of the following is true:</p> <ul style="list-style-type: none"> • information fails to address any material points, AND/OR • information contains shortcomings / deficiencies that undermine the credibility / persuasiveness / value of the Proposal, AND/OR • information is inconsistent with other aspects of the Proposal in a manner that raises serious questions as to the credibility of the Proposal
0	<p>No relevant information</p>

4.4 Stage III – Program Pricing

Only at the completion of all other rated criteria for all Eligible Proposals will the RFP Contact and evaluation committee evaluate the Form A – of Eligible Proposals.

Program Pricing will be scored based on a relative pricing formula on the basis of the information provided in the Form A – Pricing.

Each Proponent will receive a percentage of the total possible points allocated to the Program Pricing model by dividing the lowest price by the Proponent's price for the Goods/Services. For example, if the lowest price offered by one Proponent is \$200, that Proponent will receive 100% of the possible points ($200/200 \times 100 = 100\%$). A Proponent who bids \$250 will receive 80% of the possible points ($200/250 \times 100 = 80\%$) and a Proponent who bids \$300 will receive 66.7% of the possible points ($200/300 \times 100 = 66.7\%$).

Should a proponent provide multiple different discounts on varying categories, the discount proposed to the particular category will be scored relative to the highest discount proposed for the same category.

A mathematical or transposition discrepancy or error in the Form A – may be corrected by Canoe Procurement Group of Canada (in its sole discretion) by correcting the Proposal price as follows.

- If the discrepancy is in respect of extensions of unit prices, the unit price shall be taken as correct, and the extension shall be corrected accordingly.
- If a mathematical error is made in applying a fixed percentage to a stated amount (e.g., a 10% contingency fee on a pricing total), the recorded total will be corrected accordingly
- If a mathematical error is made in adding line items to a total, the correct addition shall be taken as correct, and the recorded total will be corrected accordingly.
- If an error has been made in transferring an amount from one part of the Proposal to another, the amount shown before transfer shall be taken to be correct and the amount shown after the transfer and the Proposal price shall be corrected accordingly.
- If the discrepancy or error is such that more than one of the foregoing provisions applies, the corrections shall be applied sequentially, in descending order (provided that, if a mathematical error is made in adding line items to a total, the above will be applied first to correct individual line items, as appropriate).
- If the discrepancy or error is such that none of the foregoing provisions apply, the discrepancy or error shall be corrected by taking the lower of the inconsistent amounts as being correct, and the higher amount shall be corrected accordingly.

Any objection or refusal by a Proponent to Canoe Procurement Group of Canada applying any of the foregoing shall result in either the disqualification of the Proponent, or the Proponent receiving the lowest possible score on the relevant criterion, in the sole discretion of Canoe Procurement Group of Canada.

4.5 Tie Break Process

If two or more Proposals achieve a tie score on completion of the evaluation process (or any part of that process that limits the number of Proponents that can continue to the next stage), Canoe Procurement

Group of Canada shall break the tie by comparing the scores of the highest rated criterion evaluated in that stage of the evaluation process. If a tie remains, then the second highest criterion will be used to compare scores, and so on, until the tie is resolved. If the tie cannot be so-resolved, then a tie shall be broken by coin toss or by draw of names from a hat – provided that the RFP Contact and at least two other Canoe Procurement Group of Canada personnel are present.

4.6 Stage IV – Reference Verification (*Pass/Fail*)

At this stage, the Evaluation Team may verify as many references provided by the Ranking Proponent as the Evaluation Team may deem appropriate, and such references may be conducted in-person, as the Evaluation Team may determine in its sole discretion. References will be assessed as to their satisfaction with the performance of the Proponent, on a pass/fail basis. Finalization of Agreement with Ranking Proponent

After identifying the Ranking Proponent, if any, Canoe Procurement Group of Canada may attempt to finalize the terms and conditions of the Agreement with the Ranking Proponent.

For certainty, CANOE makes no commitment to the Ranking Proponent that the Agreement will be executed. The Ranking Proponent acknowledges that the commencement of any discussions does not obligate Canoe Procurement Group of Canada to execute the Agreement.

Canoe Procurement Group of Canada shall at all times be entitled to exercise its rights under Section 2.23 (Rights of Canoe Procurement Group of Canada – Ranking Proponent).

Canoe Procurement Group of Canada’s approach to any negotiations is set out at Section 1.9 (Agreement).

Proponents must have the capability to provide Canoe Procurement Group of Canada with electronic billing for member purchases.

2. Insurance Requirements

Insurance Liability Limits. The Supplier must maintain, for the duration of its contract, \$5 million in general liability insurance coverage or general liability insurance in conjunction with an umbrella for a total combined coverage of \$5 million. Work on the Contract will not begin until after the Supplier has submitted acceptable evidence of the required insurance coverage. Failure to maintain any required insurance coverage or an acceptable alternative method of insurance will be deemed a breach of contract.

Minimum Scope and Limits of Insurance. The Supplier must provide coverage with limits of liability not less than those stated below. An excess liability policy or umbrella liability policy may be used to meet the minimum liability requirements provided that the coverage is written on a “following form” basis.

Commercial General Liability—Occurrence Form.

The insurance policy must include bodily injury, property damage and broad form contractual liability coverage.

Each Occurrence \$5,000,000.00

The limits listed in this RFP are minimum requirements. Canoe Procurement Group of Canada does not warrant that the minimum limits contained herein are sufficient to protect a Supplier from liabilities that might arise out of the performance of the Agreement by the Supplier, its agents, representatives, employees, or subcontractors, and the Supplier is free to purchase additional insurance as may be determined necessary.

Insurance is to be placed with insurers duly licensed or authorized to do business in Canada.

A Suppliers’ certificate(s) must include all subcontractors as additional insureds under its policies, or the Supplier must furnish to Canoe Procurement Group of Canada separate certificates for each subcontractor upon contract award. All coverage for subcontractors is subject to the minimum requirements identified above.

Proponents are strongly advised to contact their respective insurance broker(s) and assess the impact the insurance coverage requirements set out in the Agreement may have on their proposals and pricing. Proponents are expected to cover all required insurance-related costs in their proposed pricing.

3. Order Process and/or Funds Flow

Members typically issue a purchase order directly to a Supplier. A Supplier and a Member may (by mutual agreement) add terms or conditions to a purchase order or a separate contract provided that such terms or conditions must not be less favorable than terms afforded to other Members. However, a Supplier may not make a Member’s purchase conditional on adding terms or conditions without the prior written approval of Canoe Procurement Group of Canada.

Invoices and supplier payments are processed through Canoe Procurement Group of Canada. Invoices may be sent at any time; however, must be submitted in electronic format to the e-mail address or assigned Supplier portal provided. Suppliers must also provide consolidated monthly statements.

4. Administrative Fee

Suppliers will pay to Canoe Procurement Group of Canada an administrative fee. The administrative fee is designed to cover the costs of involvement in contract management, facilitating marketing efforts, Supplier and Member training, and any order processing tasks relating to the Agreement. Administrative fees may also be used for other purposes as allowed by Canadian federal and provincial law.

The administrative fee is typically calculated as a set percentage of the dollar volume of all Goods/Services purchased by Members under the Agreement, including anything represented to Members as falling under the Agreement.

The administrative fee is included in, and not added to, the pricing included in Proponent's Proposal. Suppliers must not charge Members more than the pricing in their Proposal in order to offset the administrative fee.

While Canoe Procurement Group of Canada does not dictate the fee percentage, we require that the Proponent articulate a specific fee in its Proposal. For example, merely stating that "we agree to pay an administrative fee" is considered nonresponsive. Canoe Procurement Group of Canada acknowledges that the administrative fee percentage may differ between Suppliers, industries, and responses.

Suppliers are responsible for paying the administrative fee on each invoice paid by Canoe Procurement Group of Canada done by "short paying" the invoiced amount by the percentage administrative fee contained within the Agreement. As an alternative to "short paying" the invoiced amount, Suppliers may remit the administrative fee to Canoe Procurement Group of Canada on a monthly/quarterly basis in accordance Member purchases through the Agreement.
