3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be

In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcwell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased

Table 9A: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
46	Do your warranties cover all products, parts, and labor?	Yes. Warranty document is attached in the uploaded section.
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	No. the warranty is not restricted on hour usage. LeeBoy warrants any defect in the machine when the machine is used as properly designed. Please refer to the uploaded warranty document for more information.
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Warranty for repair on machines with less than fifty hours in service will have a factory trained service representative. The service representative will be reimbursed at a rate of \$2.00/mile maximum of 100 miles and three hours maximum shop rate.
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	No geographical restrictions. All areas are covered by local LeeBoy authorized dealerships in the United States and Canada.
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	LeeBoy warrants all parts manufactured or installed by LeeBoy except for any engines, truck chassis, or tires. Which in return is covered by the engine, truck, and tire manufacturer.
51	What are your proposed exchange and return programs and policies?	LeeBoy has no set policy for exchange or returns. However, LeeBoy has always stood behind what we build. Our product will be free of defects. In the event they are not free of defects LeeBoy will take precise actions to mend the defect.
52	Describe any service contract options for the items included in your proposal.	LeeBoy offers an extended warranty program through Glynn General if requested by the customer or dealership. The extended warranty will cover another one to three years on top of LeeBoy's factory warranty.

Table 9B: Performance Standards or Guarantees

Describe in detail your performance standards or guarantees, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your performance materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
53	Describe any performance standards or guarantees that apply to your services	If a manufacturing defect in factory supplied materials or factory workmanship is found and the authorized LeeBoy dealer ("Dealer") is notified during the warranty period, LeeBoy will be responsible for repairing or replacing any part or component of the unit or part that fails to conform to the warranty during the warranty period. See uploaded warranty document for more information. LeeBoy's dealership may have additional performance standards or guarantees that apply on top of LeeBoy's warranty.
54	Describe any service standards or guarantees that apply to your services (policies, metrics, KPIs, etc.)	LeeBoy affiliates directly with dealerships, which in return the dealerships deal directly with the end user. Therefore, each policy, metric, and KPI regarding service standards and guarantees will vary depending on which local LeeBoy dealership the Sourcewell member uses. LeeBoy's territory manager and rapid response team will always be there to help any end user.

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
55	Describe your payment terms and accepted payment methods.	Terms of sale to our dealer network will be net 30 days. LeeBoy's dealers will normally handle the terms to the end user.	*
56	Describe any leasing or financing options available for use by educational or governmental entities.	LeeBoy uses a third-party financial organization which is proud to offer Sourcewell members financing and leasing options. Finance can be used with new, used, and rent to own equipment. In the document upload section, you will find our dealer rental program.	*
57	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	LeeBoy's standard transaction document is uploaded in the document upload section.	*
58	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Currently we do not accept the P-card.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
59	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	LeeBoy is offering a discounted price from our published prices. Refer to "2022 LeeBoy's Sales Discount" for further information.
60	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Sourcewell's discounted price will be 10% off LeeBoy's list price and rental equipment.
61	Describe any quantity or volume discounts or rebate programs that you offer.	LeeBoy' offers the best price available for individual machines. Therefore, our products are rarely bought in volume.
62	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Leeboy has many standard and non-standard items that are listed with the price sheet. In the event the end user wants to purchase an open market or nonstandard option that is not on the price sheet. LeeBoy will quote the option to the dealer on each request.
63	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Everything is spelled out and included in our quote. Some dealers add local freight, PDI, and extra warranty. This will be included and there will be no hidden costs.
64	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	When LeeBoy quotes one of its products to a Sourcewell member there is a freight charge that is good for 10 days. If they do not accept the quote within the 10-day time frame LeeBoy will issue another quote with a new freight charge. Once it is at the dealership the Sourcewell member can either choose customer pick-up, or the dealer can deliver it with an additional freight charge.
65	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Freight for Hawaii, Alaska, and Canada has an additional dealer freight charge. Additional freight charges will be discussed between the dealer and the Sourcewell member.
66	Describe any unique distribution and/or delivery methods or options offered in your proposal.	LeeBoy's dealers have a wide range of LeeBoy products on their lot at any given time. The sourcewell member can visit their local LeeBoy dealer to examine our products. Depending on the product size and weight can affect the price on freight charges. LeeBoy dealerships have stock machines on their lot that any sourcewell member can purchase.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
68	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	LeeBoy has an internal sales self-audit annually. During this audit we will review all the Sourcewell contracts that LeeBoy has quoted. LeeBoy's second audit process is the cooperate audit. We hire a professional firm (example: PWC) to audit out documents annually.
69	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	One-way LeeBoy tracks its success is by creating a list for each quote daily until quotes are either accepted or closed out. This will be stored in a document and sent out quarterly and yearly. The document is examined in our bi-weekly sales meeting as well. This document not only helps us track our success but helps LeeBoy improve success with municipalities through the Sourcewell contract.
70	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	LeeBoy proposes an administration fee of 1% for order process of our company's equipment sold through the Sourcewell contract. This fee does not pertain to freight or pre-delivery inspections.
