

PROGRAM ADMINISTRATION AND SUPPORT AGREEMENT

THIS AGREEMENT is between **CANOE PROCUREMENT GROUP OF CANADA**, a tradename of the Rural Municipalities of Alberta, a corporation incorporated pursuant to the laws of Alberta ("**CANOE**") and:

Supplier Legal Name: UAP Inc. dba NAPA Auto Parts

Supplier Corporate Jurisdiction: 7025 Ontario Street East, Montreal QC, H1N 2B3
(the "**Supplier**"), as of

Date of Agreement: November 13, 2023 regarding

RFP No. RMA-2020-003

RFP Title Automotive Parts Program
(the "**RFP**")

BACKGROUND

- A. CANOE is a public agency serving as a national municipal contracting agency for its Members, and in that capacity issued the RFP for the purchase of goods and/or services.
- B. The Supplier is engaged in the business of selling some or all of those goods and/or services, and responded to the RFP.
- C. On November 12, 2020, CANOE and the Supplier entered into a written agreement for the purchase of goods and/or services by Members, pursuant to a purchase program administered by CANOE.
- D. The November 12, 2020, agreement had an initial term of 3 years that may be extended once by a period of 2 years by mutual agreement of CANOE and the Supplier in writing.
- E. CANOE and the Supplier have agreed to extend the November 12, 2020, agreement for a further 2 years until November 11, 2025.
- F. As part of extending the term of the November 12, 2020, agreement, the Parties wish to enter into a new agreement to clarify the terms and conditions upon which purchases will occur, and under which the purchase program will be administered.

NOW THEREFORE, in consideration of the premises and the mutual covenants herein contained and of other good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged by each Party), the Parties hereby agree as follows:

ARTICLE 1 INTERPRETATION

1.1 Definitions

In this Agreement the following terms have the corresponding meanings.

"Administrative Fee" means the fee paid by the Supplier to CANOE as described in Schedule A1 (Administrative Fee) and protected under FOIPPA.

"Agreement" means this Program Administration and Support Agreement and all schedules attached hereto, as the same may be supplemented, amended, restated, or replaced from time to time in writing in accordance with its terms.

"Business Day" means Monday to Friday between the hours of 9:00 a.m. to 4:30 p.m. local time in Nisku, Alberta, except when such a day is a public holiday, as defined in the *Employment Standards Code*, RSA 2000, Chapter E-9, or as otherwise agreed to by the parties in writing.

"Change Request Form" means the form set out in Schedule E (Change Request Form).

"Confidential Information" means all tangible and intangible information and materials, in any form or medium, received (directly or indirectly) by the Receiving Party from the Disclosing Party, or collected by the Receiving Party on behalf of the Disclosing Party, in connection with the Program that is:

- (a) related to the Disclosing Party's, or any of its affiliates', finances, assets, pricing, purchases, products, sales, business or operational plans, strategies, forecasts or forecast assumptions, operations, stakeholders, clients and personnel (including, without limitation, the Personal Information of officers, directors, employees, agents and other individuals), trade secrets, intellectual property, technology, data or other information that reveal the research, technology, processes, methodologies, know how, or other systems or controls by which the Disclosing Party's existing or future products, services, applications and methods of operations or doing business are developed, conducted or operated, and all information or materials derived therefrom or based thereon;
- (b) designated as confidential in writing by the Disclosing Party, whether by letter or an appropriate stamp or legend, prior to or at the time such information is disclosed by the Disclosing Party to the Receiving Party; and/or
- (c) apparent to a reasonable person, familiar with the Disclosing Party's operations, business and the sector in which it operates, to be of a confidential nature.

and without regard to whether that information and materials are owned by a Party or by a third party. Confidential Information does not include:

- (d) information that is in the public domain or has come into the public domain other than by reason of a breach of this Agreement; or
- (e) information that has been, or is hereafter, received by that Receiving Party other than from or at the request of the Disclosing Party, and other than during or as a result of carrying out the Program.

"Confidential Material" means any notes or other documents relating to the Confidential Information.

"Conflict of Interest" means any situation or circumstance where, in relation to the performance of its obligations under the Agreement, the Supplier (including its directors, officers, employees, agents or subcontractors) other commitments, relationships or financial interests could or could be seen to (i) exercise an improper influence over the objective, unbiased, and impartial exercise of its independent judgement; or (ii) compromise, impair, or be incompatible with the effective performance of its obligations under the Agreement.

"Disclosing Party" means, in connection with particular Confidential Information, the Party that disclosed (directly or indirectly) the Confidential Information to the other Party, or the Party on whose behalf the other Party collected or generated the Confidential Information.

"Effective Date" means the date of this Agreement first noted above.

"Event of Force Majeure" means any cause beyond the reasonable control of a Party, including any act of God, outbreak, or epidemic of any kind, communicable and virulent disease, strike, flood, fire, embargo, boycott, act of terrorism, insurrection, war, explosion, civil disturbance, shortage of gas, fuel or electricity, interruption of transportation, governmental order, unavoidable accident, or shortage of labour or raw materials.

"FOIPPA" means the *Freedom of Information and Protection of Privacy Act*, R.S.A. 2000, Chapter F-25, as amended or superseded.

"Goods/Services" means the goods and/or services identified in Schedule A (Program Details).

"Governmental Authority" means any government, regulatory authority, commission, bureau, official, minister, court, board, tribunal, or dispute settlement panel or other law, rule, or regulation-making organization or entity having or purporting to have jurisdiction to exercise any administrative, executive, judicial, legislative, policy, regulatory, or taxing authority or power.

"Member" means any current and future members of CANOE during the Term, and any CANOE-represented associations and their current and future members during the Term. CANOE may also be considered a Member in its capacity as a purchaser of Goods/Services. In addition, to be a Member for the purposes of this Agreement, the Member must operate within the Territory during the Term. See <https://rmalberta.com/wp-content/uploads/2022/11/Provincial-Associations-Public-Sector-Agencies-2022-2.xlsx> for a general list of Members.

"Parties" means both CANOE and Supplier collectively, and **"Party"** means either one of them.

"Person" shall be broadly interpreted and includes any individual, partnership, limited partnership, joint venture, syndicate, sole proprietorship, corporation, with or without share capital, unincorporated association, trust, trustee, or other legal representative, Governmental Authority and any entity recognized by law.

"Personal Information" has the meaning ascribed to it in FOIPPA.

"Program" means the discounted price program designed by the Supplier for the purchase of Goods/Services by Members.

"Program Pricing" means the discounted pricing offered to Members as set out in the Proposal, unless other pricing is specifically agreed to by CANOE prior to the execution of this Agreement, or unless that pricing is amended via a Change Order Form submitted by the Supplier and approved by CANOE according to this Agreement.

"Purchase Agreement" means the agreement between Supplier and a Member for the purchase of Goods/Services in accordance with this Agreement.

"Receiving Party" means, in connection with particular Confidential Information, the Party that received (directly or indirectly) the Confidential Information from the other Party, or the Party that collected or generated the Confidential Information on behalf of the other Party.

"Term" means the term of this Agreement, as set out in Section 8.1.

"Territory" means the provinces or regions identified in the Goods/Services Schedule A (Program Details).

"Trade-marks" means the trade-marks, logos, designs and other indicia used to identify and distinguish a Party and its goods or services in Canada and elsewhere, whether these are registered or not, which are set out in Schedule D (Trade-marks).

1.2 Rules of Interpretation

This Agreement shall be interpreted according to the following provisions, unless the context requires a different meaning.

- (a) Unless the context otherwise requires, wherever used herein the plural includes the singular, the singular includes the plural, and each of the masculine and feminine includes the other gender.
- (b) References containing terms such as "includes" and "including", whether or not used with the words "without limitation" or "but not limited to", shall not be deemed limited by the specific enumeration of items but shall, in all cases, be deemed to be without limitation and construed and interpreted to mean "includes without limitation" and "including without limitation".
- (c) The division of this Agreement into articles and sections and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this Agreement.
- (d) "Hereof", "hereto" and "hereunder" and similar expressions mean and refer to this Agreement and not to any particular section or paragraph. References herein to "Article", "Section", or "Schedule" refer to the applicable article, section or schedule of this Agreement.
- (e) If any action is required to be taken pursuant to this Agreement on or by a specified date which is not a Business Day, then such action shall be valid if taken on or by the next succeeding Business Day.

1.3 Schedules

The following Schedules are incorporated by reference into and form part of this Agreement:

Schedule A	Program Details
Schedule A1	Administrative Fee
Schedule A2	NAPA Auto Parts (UAP Inc.) Product and Discount Offering;
Schedule B	Proposal
Schedule C	RFP
Schedule D	Trade-marks
Schedule E	Change Request Form

1.4 Order of Priority

In the event of any conflict or inconsistency between any of the Articles of this Agreement and the Schedules to this Agreement, that conflict or inconsistency shall be resolved in the following (descending) order of priority:

- (a) Article 1 to Article 11 of this Agreement;
- (b) Schedule A (Program Details);
- (c) Schedule A1 (Administrative Fee)
- (d) Schedule A2 (NAPA Auto Parts (UAP Inc.) Product and Discount Offering);
- (e) Schedule C (RFP); and
- (f) Schedule B (Proposal);

provided that Schedule A (Program Details) will supersede Article 1 to Article 11 of this Agreement if it expressly references the specific section or Article of this Agreement that it intends to supersede.

ARTICLE 2 PROGRAM ADMINISTRATION AND SUPPORT

2.1 Program Details

- (a) The Parties agree that CANOE administers the Automotive Parts Program as set out in this Agreement. Through the Program, Members have the option to purchase from the Supplier, and the Supplier agrees to supply to Members, the Goods/Services at Program Pricing.
- (b) Members who wish to purchase Goods/Services as part of the Program may be required to enter into a separate Purchase Agreement with the Supplier. The terms of that Purchase Agreement shall not conflict with any provision of this Agreement.

- (c) The Parties agree that the Supplier is an independent supplier and is not the agent or partner of CANOE. Nothing contained in this Agreement shall create or be deemed to create the relationship of joint venture, partnership, or agency between the Parties. Neither Party shall represent itself as the joint venturer, partner or agent of the other. The Supplier has no authority to bind CANOE and will not represent itself as having that authority.

2.2 Responsibilities of the Supplier

- (a) The Supplier will facilitate and administer the marketing and sales aspects of the Program as outlined in this Agreement – including Schedule A (Program Details), the Proposal and the RFP.
- (b) The Supplier will execute the marketing plan set out in Schedule A (Program Details) and its Proposal and will refine that plan over the course of the Term, and as reasonably requested by CANOE.
- (c) The Supplier acknowledges that Articles 1-11 and Schedule A (Program Details) will be posted on www.canoeprocurement.ca.
- (d) The Supplier will provide prompt cooperation to CANOE and its representatives to ensure that the Program is effective and responsive to Members.
- (e) The Supplier will manage the transition of Members into the Program and will take commercially reasonable efforts to ensure a prompt and seamless transition.
- (f) During the Term, the Supplier will continually provide Members with the Program Pricing for all Goods/Services.
- (g) The Supplier will ensure that its Program Pricing is uploaded in the e-commerce system PROLink for Member access.
- (h) The Supplier will communicate directly with CANOE regarding low stock levels, major discounts, and other time sensitive subject matter.
- (i) The Supplier will inform CANOE of important developments within the industry that affect the Program or the Goods/Services.
- (j) The Supplier will maintain the insurance required under Schedule A (Program Details) at all times during the Term.

2.3 Responsibilities of CANOE

- (a) CANOE will facilitate and administer the financial and payment aspects of the Automotive Parts Program as outlined in this Agreement – including Schedule A (Program Details) and Schedule A1 (Administrative Fee), the Proposal, and the RFP.
- (b) CANOE will act as a liaison between the Supplier and the Members, to help facilitate obtaining any information required in relation to the Program. CANOE will support the Supplier's Program marketing efforts by making information about the Program available to its Members.

2.4 Program Leads

- (a) CANOE and the Supplier will each designate a representative from its organization with the authority and competence to coordinate and manage its contributions to the Program on such Party's behalf (each a "**Program Lead**").
- (b) Once each quarter, or as otherwise reasonably requested by either Party, the Program Leads shall formally review the progress of the Program including any problems, concerns, results and any other information material to the progress and success of the Program. Such review shall occur by teleconference at a time mutually agreeable to the Program Leads.

2.5 No Guaranteed Volumes

CANOE makes no guarantee of the value or volume of purchases of Goods/Services by Members under the Program.

2.6 Exclusivity

CANOE makes no assurances that Members will exclusively purchase Goods/Services from the Supplier. Members are not bound to purchase Goods/Services through the Program and may contract with others for the same or similar goods or services.

2.7 Conflict of Interest

- (a) The Supplier shall take reasonable measures to ensure that its directors and officers involved in the Program promptly disclose to it any actual or reasonably suspected Conflict of Interest in connection with the Program. The Parties shall cooperate in determining whether a Conflict of Interest exists and how it will be addressed or avoided, and provided that if the Conflict of Interest cannot be resolved to CANOE's satisfaction, acting reasonably, CANOE may deem the Conflict of Interest to be a material breach of this Agreement by the Vendor.

ARTICLE 3 FINANCIAL MATTERS

3.1 Pricing Commitment and Adjustment

- (a) Generally, Program Pricing is fixed for the Term of the Agreement. However, if the Supplier wishes to adjust Program Pricing, the Supplier must provide CANOE with at least 30 days prior written notice to request any increase or decrease in prices using the Change Request Form. To ensure timely consideration of the request, the Supplier must comply with the instructions set out in the Change Request Form.
- (b) CANOE shall consider all duly completed Change Request Forms and shall notify the Supplier of whether the Program Pricing (or other change) is acceptable or not within 20 days of receipt of the Change Request Form. CANOE shall not unreasonably withhold its approval to any requested change – provided that CANOE may refuse any change in

Program Pricing prior to the first anniversary of the Effective Date for any reason or without giving any reason.

- (c) Supplier pricing and discount commitment offers a discount range between 0.25% and 73.42% for Members available through the Automotive Parts Program, where discounts apply, as more specifically outlined in Schedule A2 (NAPA Auto Parts (UAP Inc.) Product and Discount Offering) and protected under FOIPPA.

3.2 Administrative Fees

- (a) Defined in Schedule A1 – Administrative Fee

3.3 Supplier Expenses

- (a) If previously agreed to in writing by CANOE, CANOE will reimburse the Supplier for legitimate and reasonable business expenses, upon invoice with proper proof of the expense having been incurred by the Supplier in performance of its activities under the Program.

3.4 Billings and Payment

- (a) All invoices regarding Member purchases of Goods/Services and all payments to the Supplier in satisfaction of those invoices are processed through the Supplier.
- (b) All invoices must include:
 - (i) a 'Bill To' section to the Member's address;
 - (ii) a 'Ship To' section that includes the Member name, address, and Member number; and
 - (iii) for each type of Goods/Services purchased by the Member:
 - (A) detailed description of what was purchased;
 - (B) quantities, unit price, and extended price (these prices shall include any Administrative Fee based on Section A1); and
 - (C) GST, PST, and/or HST number (stated separately).
- (c) Invoices should not include:
 - (i) any statement of an Administrative Fee, commission or discount rate; or
 - (ii) any statement that indicates a reduced amount for paying an invoice within a certain time frame.
- (d) To the extent CANOE or any Member requests reasonable supporting documentation regarding invoiced amounts, the Supplier shall promptly provide it and the period to pay that invoice shall be extended by the time period between the Supplier's receipt of that request and the delivery of the relevant supporting documentation to CANOE.

- (e) The Supplier should ensure that any person ordering on behalf of a Member provides the Supplier with the Member's CANOE member number for electronic entry on the invoice.

3.5 Financial Reporting and Record-keeping

- (a) The Supplier shall provide the reports described in Schedule A (Program Details).
- (b) The Supplier shall keep and maintain sufficient records in connection with the Program to substantiate that it has performed its obligations hereunder, including as they relate to the payment of the Administrative Fee.
- (c) In addition to the Supplier reporting for the Automotive Parts program as a collective, the Supplier must be able to provide segmented reporting based on individual provinces and their respective associations.
- (d) CANOE, its authorized representatives, or an independent auditor identified by CANOE may, at CANOE's expense, upon reasonable prior notice to the Supplier, review or audit the Supplier's records regarding the Supplier's performance of its obligations hereunder. The Supplier shall provide reasonable cooperation in connection with the foregoing and shall disclose or grant reasonable access to any information requested by CANOE, its authorized representatives or an independent auditor in connection with the Program or this Agreement.

ARTICLE 4 TRADE-MARKS

4.1 Trade-mark License and Branding

Each Party acknowledges that certain aspects of the Program may be co-branded, such that the name and certain trade-marks of both Parties are used by both Parties in materials prepared in connection with the Program. Each Party agrees that:

- (a) it is the sole owner of all right, title, and interest in and to its Trade-marks;
- (b) any use of the other Party's Trade-marks enures solely to the benefit of that Party and neither Party acquires any rights in the other Party's Trade-marks as a result of such use;
- (c) it shall maintain and exercise control over the character and quality of the use of its Trade-marks as used in association with the Program; and
- (d) whenever it uses the other Party's Trade-marks in accordance with this Agreement, it shall
 - (i) use such Trade-marks strictly in accordance with that other Party's standards of quality and specifications for appearance and style as may be supplied by that Party from time to time;
 - (ii) use such Trade-marks only in the manner and form approved by that Party;
 - (iii) clearly identify the use of the Trade-marks as a licenced use and identify the other Party as the owner of the Trade-marks, in any manner specified by the other Party from time to time; and
 - (iv) not alter, modify, dilute or otherwise misuse the Trade-marks.

ARTICLE 5
REPRESENTATIONS AND WARRANTIES

5.1 Representations by Each Party

Each Party represents and warrants to the other that:

- (a) it has the authority to enter into this Agreement and carry out its obligations hereunder, and doing so will not result in a violation by it of any law or any rule, judgment, order, decree or similar act of any Governmental Authority;
- (b) this Agreement has been duly executed by it; and
- (c) it has not granted and shall not grant any rights or licenses and has not entered into and shall not enter into any agreement, either written or oral, that would conflict with this Agreement or the Program.

5.2 Representations by the Supplier

Supplier represents and warrants that:

- (a) it is properly qualified, licensed, equipped, and financed to provide the Program and perform its obligations under this Agreement and any Purchase Agreement;
- (b) if the Supplier is a manufacturer or wholesale distributor, Supplier has a documented relationship with a suitable dealer network where that dealer network is informed of, and authorized to accept, purchase orders pursuant to any Purchase Agreement on behalf of the Supplier – and any such dealer will be considered a subcontractor of the Supplier for the purposes of this Agreement;
- (c) it shall comply with all applicable standards and requirements referred to in this Agreement or as may be required by law;
- (d) all of its obligations will be carried out by qualified personnel and all work will be performed in a professional manner;
- (e) it is not aware of any proceeding in progress or pending or threatened that might be expected to have a materially adverse effect on the Program or impact its ability to meet its obligations under this Agreement; and
- (f) excluding its NAPA associate stores, it is not aware of any circumstances which do or might cause a Conflict of Interest in respect of its participation in the Program.

ARTICLE 6

CONFIDENTIAL INFORMATION

6.1 Use and Non-Disclosure of Confidential Information

The Receiving Party agrees not to:

- (a) use Confidential Information for any purpose except to carry out the Program; or
- (b) grant access or disclose Confidential Information to any person except to those agents, directors, officers, employees and contractors of the Receiving Party who are required to have access to the information in order to carry out the Program, and who are bound by obligations to protect the Confidential Information that are substantially similar to those set out in this Agreement (provided that the Receiving Party remains liable for any breach of confidence cause by such persons).

6.2 Protection

The Receiving Party agrees that it will take all reasonable measures to protect the Confidential Information from loss, theft or any use or disclosure not permitted under this Agreement, which measures shall include:

- (a) taking reasonable measures to ensure that only those agents, directors, officers, employees and contractors of the Receiving Party who are required to have access to the Confidential Information in order to carry out the Program have access to such limited Confidential Information as may be necessary for their duties; and
- (b) taking the highest degree of care that the Receiving Party utilizes to protect its own Confidential Information of a similar nature, but no less than a reasonable degree of care, given the nature of the Confidential Information.

6.3 Mandatory Disclosure

Notwithstanding Section 6.2(b), the Disclosing Party acknowledges and agrees that the Receiving Party may be required by law or a Governmental Authority to disclose Confidential Information. If the Receiving Party believes that the disclosure of Confidential Information is or is about to be required by law or Governmental Authority, it will notify the Disclosing Party of the circumstances and scope of the disclosure – with an oral notice provided as soon as reasonably possible and as much in advance of the impending disclosure as possible, and such oral notice confirmed in writing promptly thereafter – and will provide reasonable assistance in resisting such disclosure.

6.4 Notice of Unauthorized Use or Disclosure

The Receiving Party agrees to notify the Disclosing Party of any actual or reasonably suspected loss, theft or unauthorized use or disclosure of Confidential Information that may come to its attention – with an oral notice provided immediately and confirmed in writing promptly thereafter.

6.5 No Proprietary Right

The Receiving Party agrees that it acquires no right, title or interest to the Confidential Information, except a limited right to use that Confidential Information in connection with the Program.

All Confidential Information shall remain the property of the Disclosing Party (to the extent possible) and no licence or other right, title or interest in the Confidential Information is granted hereby.

6.6 Return / Non-Use of Confidential Information and Other Related Materials

On receipt of a written demand from the Disclosing Party, and in any event within 20 days after the expiry or termination of this Agreement, the Receiving Party shall immediately return all Confidential Information, including any related Confidential Material, to the Disclosing Party, or, if instructed by the Disclosing Party to destroy any Confidential Information, shall securely destroy that Confidential Information and related Confidential Material and provide a written certificate to the Disclosing Party certifying the destruction of such Confidential Information and Confidential Material. This Section 6.6 shall not apply to routinely made back-up copies of Confidential Information in electronic form, or to archival copies required to be retained under the applicable law, provided that the Receiving Party shall comply with this Agreement in respect of such copies.

6.7 Freedom of Information Laws

- (a) The Supplier acknowledges that CANOE is subject to FOIPPA and that any information provided to CANOE in connection with the Program or otherwise in connection with this Agreement, or held on CANOE's behalf, may be subject to disclosure in accordance with FOIPPA. The Supplier also acknowledges that Members may be subject to other freedom of information legislation, which may similarly require them to disclose any information provided to them or held on their behalf in connection with the Program or any Purchase Agreement.
- (b) To support CANOE's compliance with FOIPPA, the Supplier will:
 - (i) provide CANOE-related records to CANOE within 7 days of being directed to do so by CANOE;
 - (ii) promptly refer to CANOE all requests made to the Supplier by third parties referencing FOIPPA or other public sector freedom of information laws;
 - (iii) not access any Personal Information on CANOE's behalf unless the CANOE determines, in its sole discretion, that access is permitted under FOIPPA and is necessary in order to provide the Program and/or Goods/Services to Members under the Program;
 - (iv) keep CANOE Confidential Information physically or logically separate from other information held by the Supplier;
 - (v) not destroy any information related to Program Administration until 7 years after the termination of this Agreement unless authorized in writing by CANOE to destroy it sooner;
 - (vi) implement other specific security measures requested by CANOE that in the reasonable opinion of CANOE would improve the adequacy and effectiveness of the Supplier's measures to ensure the security and integrity of CANOE Confidential Information (including, for greater certainty, information about or provided by any Member).

ARTICLE 7 INDEMNITY AND LIABILITY

7.1 Liability for Representatives

Each Party shall be responsible for any breach of this Agreement by its directors, officers, and employees – provided that CANOE shall not be responsible for the decisions, actions or omissions of any Member, including for the performance by any Member of its obligations under a Purchase Agreement.

7.2 Indemnity

(a) Subject to the limitation of liability set out in Section 7.3 (and in the case of CANOE, subject to Section 7.1), each Party (an "**Indemnifying Party**") shall indemnify, defend (at its expense) and hold the other Party (the "**Indemnified Party**") and its directors, officers, employees, contractors and agents (collectively, the "**Indemnitees**") harmless in respect of any action, claim, demand, cost, charge, losses, and expenses (including legal costs on a substantial indemnity basis), whether or not well-founded, ("**Losses**") brought against or suffered by the Indemnitees arising out of or related to:

- (i) claims for bodily injury, including death, and claims asserted by third parties for bodily injury, including death;
- (ii) claims for loss or damage to tangible property, and claims asserted by third parties for loss or damage to tangible property; or
- (iii) any breach of the Indemnifying Party's obligations, representations or warranties in the Agreement;

except to the extent that such Losses were not caused by the Indemnifying Party or any person for whom it was responsible. The foregoing indemnity shall be conditional upon the Indemnified Party notifying the Indemnifying Party as soon as is reasonably practicable in the circumstances of any Losses in respect of which this indemnity may apply and of which the Indemnified Party has knowledge, and the Indemnitee cooperating with the Indemnifying Party in the defence of any such claim or action. No such claim or action shall be settled or compromised by the Indemnifying Party without the Indemnified Party's prior written consent.

(b) The indemnity obligations hereunder will be enforceable without right of set-off or counterclaim as against the Indemnitee. The Indemnifying Party will, upon payment of an indemnity in full under this Agreement, be subrogated to all rights of the Indemnitee with respect to the claims and defences to which such indemnification relates.

7.3 Limitation of Liability

IN NO EVENT SHALL EITHER PARTY, ITS AFFILIATES OR ANY OF THEIR RESPECTIVE DIRECTORS, OFFICERS, EMPLOYEES, AGENTS, OR SUBCONTRACTORS, BE LIABLE TO THE OTHER PARTY FOR ANY CLAIM FOR PUNITIVE, EXEMPLARY, AGGRAVATED, INDIRECT, CONSEQUENTIAL OR SPECIAL DAMAGES IN CONNECTION WITH THIS AGREEMENT, INCLUDING WITHOUT LIMITATION DAMAGES FOR LOSS OF PROFITS OR REVENUE, OR FAILURE TO REALIZE EXPECTED SAVINGS, HOWSOEVER DERIVED. THE

FOREGOING SHALL NOT SUPERSEDE THE TERMS OF ANY PURCHASE AGREEMENT WHICH PROVIDE OTHERWISE.

7.4 Equitable Relief

Each Party acknowledges and agrees that, in the event of any breach or anticipated breach of the provisions of this Agreement relating to Confidential Information or privacy, damages alone would not be an adequate remedy, and agree that the non-breaching Party shall be entitled to equitable relief in respect of that breach, such as an injunction, in addition to or in lieu of damages and without being required to prove that it has suffered or is likely to suffer damages.

ARTICLE 8 TERM AND TERMINATION

8.1 Term

This Agreement comes into effect on the Effective Date and will automatically end on November 11, 2025, at 4:30pm Mountain Standard Time.

8.2 Reduction in Scope

CANOE may, on 30 days prior written notice to the Supplier, reduce the scope of the Goods/Services provided under the Program by identifying specific Goods/Services that will not longer be part of the Program.

8.3 Termination by Either Party

A Party may, without liability, cost or penalty, terminate the Agreement on written notice to the other where such other Party fails to perform or observe any material term or obligation of the Agreement and such failure has not been cured within 15 days of written notice of such failure being provided to that Party.

8.4 Termination by CANOE

CANOE shall be entitled to terminate the Agreement, without liability, cost, or penalty:

- (a) on written notice to the Supplier where the Supplier: (i) commits an act of bankruptcy within the meaning of the *Bankruptcy and Insolvency Act* or equivalent legislation; (ii) makes any general assignment for the benefit of creditors or otherwise enters into any composition or arrangement with its creditors; (iii) has a receiver and/or manager appointed over its assets or makes an application to do so; (iv) has a resolution or a petition filed or an order made for its winding up; or (v) ceases to carry on business;
- (b) on 30 days' written notice to the Supplier, following the occurrence of any material change in CANOE's requirements which results from regulatory or funding changes or recommendations issued by any Governmental Authority; or

- (c) on written notice to the Supplier if the Supplier breaches in any material respect any of its obligations or covenants hereunder with respect to Confidential Information or privacy.

8.5 Termination by Supplier

Supplier shall be entitled to terminate the Agreement, without liability, cost, or penalty on written notice to CANOE where CANOE ceases to carry on operations.

8.6 Orderly Termination

In the event of termination or expiry of the Agreement, each Party shall cooperate to effect an orderly wind-up of the Program. Within 30 days of termination or expiry, each Party shall pay to the other any amounts owed to that other Party under this Agreement.

In the event of a termination of this Agreement by CANOE pursuant to Section 8.3, the Supplier shall be liable to CANOE for any costs incurred by CANOE and corresponding Administrative Fees as a result of the notice of default and termination of this Agreement.

8.7 No Limitation of Remedies

Any termination of the Agreement shall not limit any Party's rights or remedies either in law or in equity.

8.8 Survival

In addition to any other provision dealing with the survival of obligations hereunder, all of the obligations regarding Confidential Information, privacy, indemnifications, disclaimers and limitations on liability set out in this Agreement shall survive the expiry or termination of this Agreement, as shall all any other provisions which, by their nature, ought reasonably to survive expiry or termination.

ARTICLE 9 FORCE MAJEURE

9.1 General

Except as expressly provided otherwise in the Agreement, dates and times by which a Party is required to render performance under this Agreement shall be postponed to the extent and for the period of time that such Party is prevented from meeting such dates and times by an Event of Force Majeure.

9.2 Notice and Performance

Where an Event of Force Majeure occurs, the Party that is delayed or fails to perform shall give prompt notice to the other Party and shall use reasonable efforts to render performance in a timely manner.

9.3 Right to Terminate

In the event that a Party's inability to perform due to an Event of Force Majeure continues for longer than 45 days, the Party that received (or which was entitled to receive) notice pursuant to this Article may terminate this Agreement by written notice to the other Party without further liability, expense, or cost of any kind.

ARTICLE 10 DISPUTE RESOLUTION

10.1 General

- (a) Subject to Section 7.4, in the event of any dispute concerning this Agreement, the Parties agree to address the dispute through arbitration. Before pursuing arbitration, the Parties shall have first escalated the dispute to the highest level of management within their respective organization and given at least 7 days for resolution of the matter by such persons. Subject to the provisions of the Agreement, each Party shall continue performing its obligations during the resolution of any dispute, including payment of undisputed amounts then due.
- (b) This Article 10 shall not:
 - (i) apply to claims by third parties; or
 - (ii) prevent either Party from seeking an injunction or other equitable relief pursuant to Section 7.4.

10.2 Election

If elected by a Party, any breach or claim arising out of or relating to this Agreement or the breach thereof, may be settled by arbitration in accordance with the *Arbitration Act*, R.S.A. 2000, Chapter A-43 and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof.

10.3 Arbitration Site and Arbitrator

The arbitration shall be held at the City of Edmonton or at such other site mutually determined by the Parties. Where the Parties are unable to agree upon an arbitrator who is willing to serve within 7 days of receipt of a demand to arbitrate by a Party, then either Party may apply to the Court of King's Bench for the appointment of an arbitrator willing to serve.

10.4 Procedure

The arbitrator shall determine the procedure for the arbitration. Such procedure shall include at least one opportunity for written submissions by or on behalf of each Party and may include proceedings by way of exchange of oral argument, hearings with or without witnesses, and such other procedures as the arbitrator deems appropriate. The arbitrator shall have no power to amend the provisions of the Agreement. The proceedings shall be confidential, and the arbitrator shall issue appropriate protective orders to safeguard both Parties' Confidential Information. The arbitrator shall have the right, but not the

obligation, to order that the unsuccessful Party pay the fees of the arbitrator, which shall be designated by the arbitrator. If the arbitrator is unable to designate an unsuccessful Party or does not order the unsuccessful Party to pay all such fees, the arbitrator shall so state, and the fees shall be split equally between the Parties.

ARTICLE 11 GENERAL

11.1 Notices

- (a) Any notice, demand or other communication to be given or made under this Agreement (a "**Notice**") shall be in writing and shall be sufficiently given or made if:
 - (i) delivered in person (including by commercial courier) during a Business Day and left with a receptionist or other responsible employee of the relevant Party at the applicable address set forth below;
 - (ii) sent by registered mail to the applicable address set forth below; or
 - (iii) sent by any electronic means of sending messages which produces a paper record (an "**Electronic Transmission**") on a Business Day charges prepaid.
- (b) The Parties respective addresses and contact persons are set out in Schedule A (Program Details). Each Notice sent in accordance with this Section shall be deemed to have been received:
 - (i) if delivered in person, on the day it was delivered;
 - (ii) on the third Business Day after it was mailed (excluding each Business Day during which there existed any general or rotating interruption of postal services due to strike, lockout or other cause); or
 - (iii) on the first Business Day after it was sent by Electronic Transmission.
- (c) The Parties may change their address for Notice by giving Notice to the other in accordance with this Section.

11.2 Public Announcements

The Supplier shall not make any public statement or issue any press release concerning the Program except with the prior approval of CANOE or as may be necessary, in the opinion of counsel to the Supplier to comply with the requirements of applicable law. When seeking the prior approval of CANOE, the Parties will use all reasonable efforts, acting in good faith, to agree upon a text for such statement or press release which is satisfactory to both Parties.

11.3 Governing Law and Forum

This Agreement shall be governed by, interpreted and enforced in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable therein (excluding any conflict of laws

rule or principle that might refer such interpretation to the laws of another jurisdiction). Each Party hereby irrevocably attorns to the non-exclusive jurisdiction of the courts of the Province of Alberta for all matters relating to the subject matter of this Agreement.

11.4 Entire Agreement

This Agreement constitutes the entire agreement between the Parties pertaining to the subject matter hereof and supersedes all prior agreements, negotiations, discussions and understandings, written or oral, between the Parties. There are no representations, warranties, conditions, other agreements or acknowledgements, whether direct or collateral, express or implied, which induced any Party to enter into this Agreement or on which reliance is placed by any Party, except as specifically set forth in this Agreement.

11.5 No Material Change in Terms from 2020 Agreement

This Agreement is a reorganization and clarification of the terms of the November 12, 2020, agreement between the Parties. The Parties agree that no new terms or conditions were added from the RFP. Under this Agreement, CANOE and Vender will continue to provide the Program under the same terms and conditions as was agreed to in the November 12, 2020, agreement.

11.6 Amendment and Waiver

This Agreement may be amended, modified or supplemented only by a written agreement signed by both Parties. Any waiver of, or consent to depart from, the requirements of any provision of this Agreement shall be effective only if it is in writing and signed by the Party giving it, and only in the specific instance and for the specific purpose for which it has been given. No failure on the part of either Party to exercise, and no delay in exercising, any right under this Agreement shall operate as a waiver of such right. No single or partial exercise of any such right shall preclude any other or further exercise of such right or the exercise of any other right.

11.7 Severability

If any part of this Agreement is held by a court of competent jurisdiction to be illegal, unenforceable or invalid, it will, be severed from the rest of this Agreement, which shall continue in full force and effect, so long as the economic or legal substance of the matters contemplated hereby is not affected in any manner materially adverse to either Party.

11.8 Assignment

This Agreement may not be assigned by either Party without the prior written consent of the other Party.

11.9 Time of Essence

Time shall be of the essence in this Agreement.

11.10 Further Assurances

Each Party will take all necessary actions, obtain all necessary consents, file all necessary registrations and execute and deliver all necessary documents reasonably required to give effect to this Agreement.

11.11 Counterparts

This Agreement may be executed in any number of counterparts. Either Party may send a copy of its executed counterpart to the other Party by Electronic Transmission instead of delivering a signed original of that counterpart. Each executed counterpart (including each copy sent by Electronic Transmission) will be deemed to be an original; all executed counterparts taken together will constitute one agreement.

IN WITNESS WHEREOF the Parties have executed this Agreement as of the date first written above.

SCHEDULE A

PROGRAM DETAILS

Note: The following schedule may highlight aspects of the Proposal for convenient reference or may address clarifications or the result of negotiations.

1. **Goods/Services**

As per Appendix 1 of the RMA-2020-003 RFP found in Schedule "C" and NAPA Auto Parts (UAP Inc.) Product and Discount Offering found in Schedule A2 for Goods/Services offered to CANOE Members.

2. **Territory**

All geographic regions across Canada are included within this proposal.

3. **Order Process and/or Funds Flow**

Members order through the Automotive Parts Program directly through the Supplier using either the physical locations or through the e-commerce platform PROLink. The Supplier will fulfill the purchase order and invoice the member. A monthly statement will be issued from the store to the member who is responsible for the payment.

4. **Payment Terms**

As per Article 3 – Financial Matters

5. **Marketing Plan**

As per the UAP Inc. dba NAPA Auto Parts proposal to RMA-2020-003.

6. **Reports**

The Supplier will provide quarterly reports to CANOE about Member purchases under the Program (showing province, association, Member name, Goods/Services purchased, price and Administrative Fee).

CANOE has approval from participating Members to allow the Supplier to share their purchase data with CANOE for the purposes of financial reporting.

The Supplier will provide quarterly reporting details to CANOE identifying all sales and deliveries of Goods/Services pursuant to the Program and the Administrative Fee amount accumulated to date and owing (or paid) to CANOE. The Supplier will clearly show all supporting amounts, references, and provide appropriate supporting information.

The Supplier will provide segmented reporting on each of the provincial associations represented in this RFP.

The Supplier will provide a quarterly business review to CANOE to discuss the Automotive Parts Program sales performance and the deployment and effectiveness of marketing strategies. Such review will be provided within 90 days of the anniversary of the Effective Date.

7. Insurance Obligations

The Supplier shall maintain for the Term, at its own cost and expense, with insurers having a secure A.M. Best rating of B+ or greater, or the equivalent, all the necessary and appropriate insurance that a prudent person carrying out a project similar to its contribution to the Program would maintain, including commercial general liability insurance on an occurrence basis for third party bodily injury, personal injury and property damage, to an inclusive limit of not less than \$5,000,000 per occurrence. The policy shall include the following:

- (a) the Indemnitees as additional insureds with respect to liability arising in the course of performance of the Supplier's obligations under, or otherwise in connection with, the Agreement or the performance with the Supplier (or its representatives, agents, dealers and distributors) under a Purchase Agreement;
- (b) a cross-liability clause;
- (c) contractual liability coverage; and
- (d) a 30-day written notice of cancellation, termination or material change.

The Supplier shall provide CANOE with certificates of insurance or other proof as may be requested by CANOE, that confirms the insurance coverage as provided for above.

RMA will allow for any additional associate NAPA store location to be added to this Agreement with the submission of the store's Certificates of Insurance indicating the required coverage.

8. Additional Matters

The Supplier will maintain Workers Compensation Board coverage throughout the Territory and maintain their Certificate of Recognition designation for the Term.

9. Contact Information for Notices

Any Notice to CANOE shall be addressed to:

CANOE PROCUREMENT GROUP OF CANADA
2510 Sparrow Drive
Nisku, Alberta T9E 8N5

Attention: Tyler Hannemann, MBA
Tel: 587-987-6785
Email: tyler@canoeprocurement.ca

Any Notice to the Supplier shall be addressed to:

UAP Inc. dba NAPA Auto Parts
7025 Ontario Street East
Montreal QC, H1N 2B3

Attention: Troy Sawada
Tel: (250) 558-7066 | (905) 514-5451

SCHEDULE B

PROPOSAL

UAP Inc. dba NAPA Auto Parts Proposal with Letter of Clarification

Form B – Proponent Questionnaire

General Business Information

Proponent Name: NAPA Auto Parts (UAP Inc.)

Questionnaire completed by: Darren Rest

Please identify the person RMA should correspond with from now through the Award process:

Name: Darren Rest Email address: drest@uapinc.com

Please answer the questions below using the Microsoft Word® version of this document. This allows RMA evaluators to cut and paste your answers into a separate worksheet. Place your answer directly below each question. RMA prefers a brief but thorough response to each question. Please do not merely attach additional documents to your response without also providing a substantive response. Do not leave answers blank; mark "N/A" if the question does not apply to you (preferably with an explanation). Please create a response that is easy to read and understand. For example, you may consider using a different font and color to distinguish your answer from the questions.

Corporate Overview – please provide a brief overview of the following information, no more than 10 pages in length.

History of your Company and Organization
Products and Services
Manufacturing and Distribution Facilities
Retail Locations and Branches
Sales and Customer Support Teams
Ecommerce Tools
Value Added Services
Turnaround Times

Company Information & Financial Strength

- 1) Provide the full legal name, mailing and email addresses, tax identification number, and telephone number for your business.

NAPA Auto Parts (UAP Inc.)

7025 Ontario Street East, Montreal, QC, H1N 2B3

info@napacanada.com

HST Number: R105436570

1-866-438-6272

- 2) Provide a brief history of your company, including your company's core values, business philosophy, and longevity in the industry relating to this RFP.

NAPA Auto Parts (UAP Inc.), a wholly owned subsidiary of Genuine Parts Company. UAP is the Canadian leader in the distribution and merchandising of automotive replacement parts and accessories for cars, trucks and heavy vehicles.

Our mission is to be the Canadian leader in the sale, distribution, and merchandising of quality replacement parts and accessories for automobiles and heavy vehicles.

Our vision is to be a team of skilled, motivated employees thriving in a fast-paced environment. We contribute to our customers' success by providing exceptional value and service.

Our core principles are to offer ongoing, quality services, to be the top provider of business solutions in our industry, and to respect our commitments.

Over the years, UAP has built a solid reputation for excellent products. The vitality of our workforce has fuelled our economic growth since the company's foundation in 1926. Below are key historic milestones of UAP.

1926	United Auto Parts Limited is founded in Montreal by Charles E. Préfontaine.
1957	Creation of Cadel, a specialized distribution center for electrical and internal combustion systems and diesel injection engines.
1963	Launch of Traction stores to serve the heavy vehicle industry.
1965	United Auto Parts is listed on the Toronto Stock Exchange.
1967	The company changes name from United Auto Parts Limited to UAP Inc.
1983	Launch of NAPA AUTOPRO banner program.
1998	UAP becomes a wholly owned subsidiary of Genuine Parts Company. Launch of the NAPA/CMAX network of stores.
2002	Transition from UAP/NAPA trademark to NAPA Auto Parts.
2009	Acquisition of Palmar, a network of stores specialized in the distribution of replacement parts for the heavy vehicles market.
2017	Acquisition of Universal Supply Group. Acquisition of Belcher.

We are Canada's leading provider of parts, products and services for the automotive and heavy vehicle aftermarket.

We do this through our recognized brands and our unique national network of distribution centres, stores, associates and business partners.

Our vision is by leading the way – delivering on our promises – solving problems, our vision is simple: be the trusted provider customers turn to whenever they need quality parts and added-value services for their vehicles.

Please refer to **Appendix A – Fact Sheet** for additional information.

3) Provide a detailed description of the products and services that you are offering in your proposal.

NAPA Auto Parts is the most recognized auto-parts brand in North America. Our brand is synonymous with trust, professionalism and tradition - a reputation other automotive part suppliers can't beat.

Our NAPA Auto Parts stores offer expert advice and have a huge stock of top-quality, guaranteed parts that comply with or exceed OEM part requirements. We offer this quality service to a variety of customers, including repair shops, fleet operators, automobile owners, professional mechanics, and do-it-yourselfers.

Product offering of over 500,000 automotive replacement parts, products, tools, equipment and accessories for:

- Vehicles manufactured in North America from 1910 to today
- Equipment and products for paint and body shops
- Imported vehicles
- Small engines
- High-performance and all-terrain vehicles
- Industrial applications

- Agricultural applications
- Fleet vehicles
- Municipal vehicles

4) What are your company's expectations in the event of an award?

In the event of an award, our expectations would be to further demonstrate our capabilities to collaborate with RMA and their membership to provide value at all levels. We would like collectively to review the award and clearly define our roles and responsibilities to ensure seamless execution of the agreement. We would expect that RMA would communicate the partnership to their teams and membership commensurate with our broadcast to the NAPA network.

5) Demonstrate your financial strength and stability with meaningful data.

NAPA Auto Parts (UAP Inc.), a wholly owned subsidiary of Genuine Parts Company (NYSE: GPC). Genuine Parts Company is the 180th largest US company. It's a "Fortune 250 Company" with four subsidiary companies and approximately 50,000 employees. We are publicly traded under GPC with \$19.4B in sales for 2019.

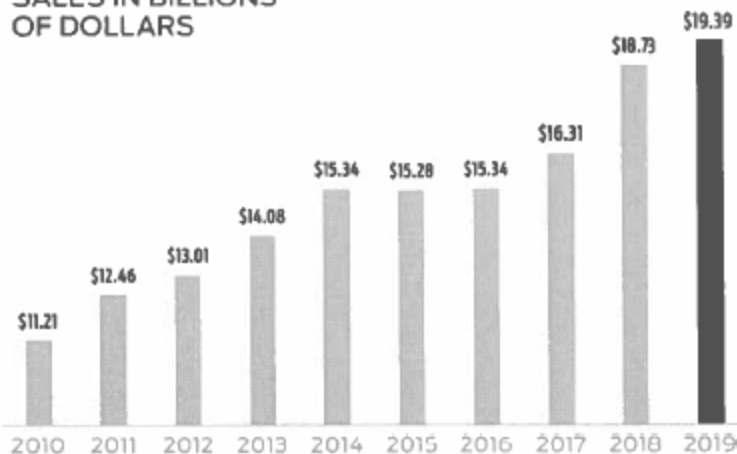

Our annual sales are as follows:

2017 - \$ 16,308,801,000

2018 - \$ 18,735,073,000

2019 - \$ 19,392,305,000

**SALES IN BILLIONS
OF DOLLARS**

Refer to the following link for the complete GPC 2019 Annual Report

<https://www.proxydocs.com/branding/962110/2020/ar/>

6) What is your Canadian market share for the solutions that you are proposing?

In 2019, the Fleet market was estimated at \$3B in Canada and NAPA's share is \$369M.

7) Has your business ever petitioned for bankruptcy protection? If so, please explain in detail.

No, NAPA has never been petitioned for bankruptcy protection.

8) How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization.

- a) If your company is best described as a distributor/dealer/reseller (or similar entity), please provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned?

NAPA Auto Parts is best described as a distributor and please refer to **Appendix R - NAPA Written Authorization** to act as a distributor for the manufacturer of the products proposed in this RFP. Our dealer (stores) network includes a combination of both independent and company owned.

- b) If your company is best described as a manufacturer or service provider, please describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?

N/A, see answer from above.

- 9) If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.

Other than customary licenses required by all enterprises carrying on business (such as business licences), we are not aware of any licence or certification applicable to our industry in specific.

- 10) Provide all "Suspension or Disbarment" information that has applied to your organization during the past ten years.

N/A

- 11) Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.

Below is a list of subcategories further to the categories mentioned above:

Agricultural & Industrial
Alternators & Starters
Apparel & Accessories
Batteries
Belts & Hoses
Brakes
Drivetrain
Engine Heating & Cooling
Engines, Parts & Gaskets
Exhaust
Fasteners & Hardware
Filters
Fuel & Emissions
Headlights, Vision & Safety
Heating, Cooling & Climate Control
Ignition, Electrical & Lighting
Interior Parts & Accessories
Marine, RV & Powersport
Oils, Chemicals & Fluids
Paint, Body & Equipment
Performance Parts
Safety Parts & Accessories
Small Engine, Lawn & Garden
Steering & Suspension

Tools & Equipment
Transmission
Truck & Towing
Wheels & Exterior Accessories
Wipers & Accessories

Industry Recognition & Marketplace Success

- 12) Describe any relevant industry awards or recognition that your company has received in the past five years.

NAPA was awarded the OK Tire Dealer Supporter of the year at the annual OK Tire Convention in 2019. The award is a recognition of ongoing exceptional service to OK Tire dealers across Canada.

Our training program, NAPA Autotech has been awarded by the ATMC (US ASE Council) in 2018 and 2015. The ASE Training Managers Council (ATMC) presents their prestigious National Excellence in Training Award to industry firms in recognition of their highly effective or innovative training programs. These awards are given annually and are designed to emphasize the importance of training to the success of the transportation industry.

- 13) Provide a list of your top five governmental or educational customers (entity name is optional), including entity type, the province the entity is located in, scope of the projects, size of transactions, and dollar volumes from the past three years.

Below are our top five governmental or educational customers. Their project scopes are to supply Auto Parts, Heavy Duty Parts, Tools & Equipment, Industrial Supply and Services for Fleet. All transactions and dollar volumes range between \$500K to \$3.5M annually over the past three years.

1. CGER (Centre de gestion de l'équipement roulant) - Rolling Equipment Management Center of Quebec
2. Bell Canada
3. Hydro Quebec
4. FNA - Farmers of North America (association)
5. UMQ (Union des Municipalités du Québec) - Association of Municipalities of Quebec

- 14) Indicate separately what percentages of your sales are to the government and education sectors in the past three years?

Percentage of sales to the government and education sector relating to our Fleet Category:

- 2017 – 22%
- 2018 – 23%
- 2019 – 23%

- 15) List any provincial or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?

N/A, this information is both proprietary to NAPA and our customers. We do not feel comfortable freely disclosing this information without customers' approval.

- 16) List any Program and Administrative Support Agreement contracts that you hold.

N/A

- 17) What do you consider to be the top three market differentiators of your products/services relative to this RFP category?

- 1) Consistent National Structure - We are uniquely structured organizationally with our corporate and associate store program, to be able to support RMA and its members with a consistent, compliant and uniform program for every region in Canada. We are not a member buying group,

and our associates must operate in alignment with our corporate stores and are obligated to honour our National Account agreements. This ensures consistency of product, program, partnership and pricing.

- 2) Common Computer Platform - The entire NAPA Auto Parts network in Canada; Distribution Centers, Corporate Stores & Associate Stores, all share a common computer platform. This allows us to provide RMA and their members with valuable information and analytics to be able to review purchase data, identify trends, highlight potential cost-savings and analyze spend from high level to very granular. This data can be used to assist in effectively managing fleet expenses, local inventory and project demand.
- 3) Dedicated Support Team - NAPA Auto Parts offers a complete suite of products and combined services. We have a common product offering nation-wide for consistency, and regional support teams offering business development, technical product support and a full portfolio of training options. Our regional teams can align with the RMA Client Relations Managers in every region to coordinate a joint effort to collectively grow the business and support the network. In addition to the regional support teams, NAPA has recently created the position of Fleet & Government Specialist; there are three specialists covering every region in Canada. These team members are dedicated specifically to the fleet & government segment of our business and are a valuable resource to RMA and the membership.

18) Describe your experience in working with RMA and represented Associations members.

NAPA Auto Parts strongly values this partnership and has been proud to support RMA and its membership with an agreement in place since 2011. We have worked closely with the leadership team and client relations managers to grow the business with the membership and have supported RMA with their trade events, field sales, training and with marketing support whenever requested. We supported RMA with the growth and addition of AMM, SARM and SUMA, engaging our field support teams to visit all new member locations, setting up new accounts and creating customized internal measures and infrastructure for reporting, analytics and rebate to accommodate their inclusion. Our regional teams visit RMA member locations in their regular schedule and we have recently created the role of Fleet & Government Specialist, with three specialists nation-wide to directly support RMA and your members. We are familiar with RMA and our experience working together with your team over the last decade, and the systems we currently have in place to manage the partnership at all levels, uniquely positions NAPA to be able to support the next level of growth and we look forward to opportunity to continue to be a part of RMA's success.

Proponent's Ability to Sell and Deliver Service Nationwide

19) Describe your company's capability to meet RMA and represented Associations Member's needs across Canada or for each geographical area that the Proponent wishes to do business in. Your response should address at least the following areas.

- a) Sales force.
- b) Dealer network or other distribution methods.
- c) Service force.

Please include details, such as the locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employers (or employees of a third party), and any overlap between the sales and service functions.

NAPA Auto Parts (UAP Inc.) has a wealth of resources, both in the field and in the office across the country to implement large agreements such as requested by RMA. We have resources at our head

office in Montreal as well as in each region including the Pacific/West, Ontario, Quebec and the Atlantic. NAPA will allocate the necessary resources to ensure the RMA's needs are met.

Across Canada, we have over 4,800 full-time direct employees servicing our stores, distribution centers and offices.

The NAPA Auto Parts Division is a network made up of automotive parts and accessories stores and paint and body product stores. We have nearly 600 NAPA Auto Parts stores across Canada and over 50 NAPA CMAX Paint and Body Shop Supply Stores. Please refer to **Appendix B - NAPA Stores List** for a detailed list of all our stores and locations.

It also includes 8 distribution centers across Canada including the Atlantic, Quebec, Ontario, West and Pacific regions. Including 1 logistic center in Long Sault, Ontario.

Below is a map representing our distribution centers locations across Canada for our NAPA AUTO PARTS and NAPA/CMAX Stores:

Napa will be supporting the RMA contract amongst 4 regions across Canada. Below is an organizational chart that demonstrates how it will be supported in the Atlantic, Quebec, Ontario and the Western region.

20) Describe in detail the process and procedure of your customer service program, if applicable. Please include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.

Online Order Management Solution

Online ordering is available 7 days a week 24 hours a day. We use the best eTool in the industry called PROLink. The first Automotive eCatalogue that is as good for non-application products as it is for application parts:

- Body and paint products
- Cleaning and maintenance products
- Tools and equipment
- Interchange by OEM part number for light to medium duty vehicle types and manufacturers

Real Time information:

- Cost and recommended selling price
- Available quantity stocked at servicing NAPA store(s)
- Available quantity stocked at the servicing regional NAPA Distribution Center
- Labour time lookup per job type
- Basic vehicle specifications information

Products:

- Product images available

- Product specs
- Warranty information
- MSDS information
- Product comparison feature

Additional information is available from the NAPA PROLink website:

<https://www.napaprolink.ca>

Network Business Process Management Software

NAPA uses a proprietary inventory management system, TAMS (Total Automotive Management System) to manage your RMA account. The TAMS system is designed and developed by GPC exclusively for the NAPA Auto Parts Stores.

The NAPA TAMS system has an internal feature called Delivery Management. This element of our software allows NAPA stores to track, measure and manage delivery expectations of our customers. The store goal is to reach the delivery management criteria 95%+ every month.

The delivery management parameters are designed by the servicing NAPA store and the customer, as every customer has different expectations and every store has different obstacles to overcome. For an example, delivery times in rural south-west Ontario will differ from those in Toronto given the traffic burdens of the City. Therefore, NAPA has found that it is best to jointly construct the delivery expectations and that the NAPA stores strive to attain this goal 95% of the time.

TAMS has the ability to provide reports to substantiate the delivery abilities with our Priority Plus customers at any time. By having the ability to measure delivery, NAPA can then develop a plan in the case of any shortfalls.

In serviceable markets, our network strives to deliver 45 minutes or less. Inter-store inventory transfers are available amongst regional stores to accommodate rush orders. Delivery from local stores is available.

In order for the stores to provide the best inventory availability to our servicing customers, the NAPA stores receive daily replenishment from their servicing Distribution Centers. This also includes the store's ability to order out of stock items at the store level at an emergency level from the Distribution Center and typically have it arrive the following day, or in some cases, depending on geographical location to the Distribution center it could arrive the same day.

The TAMS system provides a complete POS (point of sale), NAPA parts catalog, inventory control & replenishment and reporting software solution to the NAPA store employee. In addition, the TAMS system will be attached to the NAPA Wide-Area-Network providing the NAPA store employee access to the inventory in every UAP owned NAPA Distribution Center as well as filtered internet connectivity to outside parts vendors.

The TAMS POS system will capture all inventory and sales transactions entered for the RMA account. These transactions can be exported and provided to RMA upon request. If an export is not desired, you may choose to utilize one of many Inventory or Sales Reports from our POS system.

Summary

RMA members have the ability to order online using their own "ProLink" profile, over the phone or in store. Orders are managed by our "Total Automotive Management System" (TAMS) ensuring the stores 45 minutes delivery goals are met by a 95%+ criteria every month.

- 21) Identify any geographic areas in Canada that you will NOT be fully serving through the proposed contract. Please explain your answer. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?

NAPA has a strong presence in every region and is fully capable of serving the Canadian geographical locations described in this RFP of current and future members and represented associations. NAPA has a national presence from coast to coast across Canada. Thanks to our 600-store network and our strategic distribution centres locations, we can meet all members' needs in a short amount of time, wherever they are operating. NAPA does not have any other cooperative purchasing contracts that would limit our ability to service RMA.

Marketing Plan

- 22) If you are awarded a contract, how will you train your sales management, dealer network, and direct sales teams (whichever apply) to ensure maximum impact? Please include how you will communicate your RMA pricing and other contract detail to your sales force provincially.

The NAPA Major Accounts Team has a robust and consistent implementation plan for launching national account agreements. The initial steps begin with a national web conference call with the regional leadership teams responsible for all corporate and associate NAPA store locations – sales & operations, the technical product teams and the Fleet & Government Specialists. This call outlines all of the details of the agreement and our service commitment to RMA, it will also outline, based on our previous experience managing the RMA partnership, our strategic plan to collaborate with the RMA teams to create targets and grow the business by bringing value to the membership. The regional team leaders will then cascade the plan to a local level and execute in the field, they are held accountable for the growth and success of the RMA partnership.

The details of the agreement and the service commitment are also published on our internal NAPA portal and is broadcast to the entire NAPA store network, this can be accessed by our team members at anytime. The RMA pricing profile is loaded on to the NAPA system and is applied in all NAPA store locations; because of our network-wide common computer software, the pricing for RMA and the membership will be consistent in every NAPA store location across Canada.

- 23) Describe your marketing strategy for promoting this contract opportunity. Please include representative samples of your marketing materials in electronic format.

The marketing strategy for promoting this partnership will include a long-term, forward looking approach and an overall plan to share our "NAPA added value" to the RMA membership. Our plan will include regional team alignment and a collaborative effort with an emphasis on ensuring that we empower the RMA Client Relations Managers with the tools to be able to support the RMA members with NAPA program benefits. Please refer to example brochures **Appendix Ia - NAPA for Fleets AMM**, **Appendix Ib - RMA Exclusive Discounts** and **Appendix Ic - RMA-BC Brochure** and **Appendix J - Trade Directory Content** for more details.

To support the partnership, the NAPA marketing support team provides assets to offer promotional incentives specific to the Fleet and Government segment such as **Appendix K - NAPA Fleet Specials** and seasonal promotions such as **Appendix L - NAPA for Fleets Grote**.

New product launch material such as **Appendix M - NAPA for Fleets UltraClear** are also shared with the sales team to help them keep RMA and the membership up-to-date regarding our services.

NAPA also offers exclusive promotions as well, tailored to customer need. These limited-time offers are initiated to help our partners take advantage of opportunities, based on the feedback from the field, seasonality and/or predicative sales data analysis. Please refer to **Appendix N - Hand Sanitizer RMA** for more details.

- 24) Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.

For B2B, NAPA focuses its effort on maintaining key relationships and regional team alignment without the use of social media. Contract awards are announced on our official UAP LinkedIn page.

NAPA can provide their customers with news, promotions and any relevant content to help provide their own internal newsletter or social media. This could be part of cooperative work with the RMA leadership team.

If RMA allows NAPA to communicate directly to its members, NAPA can also offer a quarterly newsletter with NAPA news (new product launches, program updates, new store openings and promotions). We can gather analytics from these campaigns and NAPA will commit to share the data collected throughout these emailing campaigns.

- 25) In your view, what is RMA's and the represented Associations' role in promoting contracts arising out of this RFP? How will you integrate an RMA-awarded contract into your sales process?

The NAPA Major Accounts Team views the contract as a partnership; we would like to see RMA ensure that their team clearly understands the spirit of the agreement and the plan to work closely and align with the NAPA regional teams and to view them as a resource.

The RMA-awarded contract will be integrated into our sales process, with a complete orientation to all applicable team members on all aspects of the agreement. All levels of our sales management team; our General Sales Managers, Fleet and Government Specialists and Account Development Specialists will all be assigned a certain level of responsibility to the RMA business and a portion of their compensation will be based on the growth.

- 26) Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.

Our products are available through two e-procurement options. The first and most popular option is www.napaprolink.ca. This is a WEB e-Procurement option where you can find all our products using a state-of-the-art eCataloguing system. This online ordering site will present you real-time product availability through our entire network as well as real-time pricing, specific to RMA's pricing structure through our 600 Canadian NAPA Stores and 10 distribution centers.

The second option is an integrated version of NAPA PROLink called "NAPA Punchout". This integrated tool offers the same features as the NAPA PROLink website but can be linked with your Procurement Management System while sharing product and ordering information. We have experience from more than 30 different management and procurement systems integrated with our NAPA Punchout solution. This option can be presented to RMA members, or I.T. Team, with a Software Development Kit, where we would allocate the required necessary resources for a complete system integration.

Both eProcurement systems are supported 24 hours/7 days a week (phone or email) by our in-house specialized Team. Also, training is available via several methods: group training via webinars in live virtual rooms or, one-on-one training by our NAPA Store personnel, depending on your needs.

Value-Added Attributes

- 27) Describe any product, equipment, maintenance, training programs that you offer to RMA and represented Associations' Members. Please include details, such as whether training is standard or optional, who provides training, and any costs that apply.

NAPA offer an e-learning training solution called AUTOTECH. Please refer to **Appendix H - NAPA Autotech Training** for more details and information about our program. Also, on a case by case basis, specific product or equipment training could be offered by our supplier network.

- 28) Describe any technological advances that your proposed products or services offer.

UAP Canada is proud to be the leader for GPC to implement cutting-edge technology to take distribution to the next level. For example, NAPA Canada has recently invested in new warehouse automation technology that will improve our efficiencies and add the ability to increase our inventory at our DC in Cambridge, ON.

- a) Our Cambridge DC has collaborated with KNAPP, a global leader in industrial automation solutions. They're expanding their warehouse capabilities by integrating KNAPP's AG - OSR Shuttle™. It's a high-performance, reliable semi-automatic picking and storage system. Its state-of-the-art technology is putting the leading shuttle in the warehouse.

Refer to the following link for additional details:

<https://www.youtube.com/watch?v=U6E1RdIN0BI&feature=youtu.be>

- b) NAPA, the Federal Government and Drone Delivery Canada (DDC) are participating in "The Moosonee & Moose Factory Pilot Program" to deliver NAPA Auto Parts to rural locations across Canada. Today the drones are carrying approximately 25 lbs, but working on those that could handle 100-400 lbs.

Refer to the following link for additional details:

<https://www.youtube.com/watch?v=D8VL6QECB5Y>

- c) Napa stores are using a new inventory management program called Pulse. It's a proactive approach to inventory management. The system uses predictive analytics to determine what factors drive categorical sales. There are 42 factors which include vehicle registrations, part failure rates, market demographics, climate and geography amongst the other factors. Pulse also uses relationships between stores to sharpen the accuracy of its assortment recommendations. Overall the system has improved its market tailored inventories with continuous improvements. Pulse also has the ability to customize inventory assortments based on a specific fleet. A VIN list can be uploaded into the system creating an inventory list with the product categories of choice.

- 29) Describe any "green and/or charitable" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.

NAPA Green Initiatives

- Energy Saving Program
 - Improved energy efficient lighting system across the country
 - Heating units are on a strict maintenance schedule
 - IT equipment; replacing old with new efficient machines
 - IT equipment; old equipment is sent to specialist recycling contractors
- Reusable plastic totes at all DCs for shipping of goods
- Many chemicals that are offered are non-detergent / green products
- We recycle oil at our stores and could recycle oil for any customer
- Advocate to Fleets the use of the used oil filter crusher to extract environmentally hazardous chemicals from the landfills.
- We advocate equipment to heat buildings using recycled oil
- We recycle all plastic, paper, cardboard, wooden pallets and ink cartridges at our DC's and HQ offices
- Paperless Systems Initiatives
- Use of fuel friendly delivery fleet vehicles.

NAPA Green Products

- Smart Washer (parts cleaning system)
- Challenger Water In Ground Lifts
- 3M Lead free wheel weight system
- Schumacher solar battery charger/maintainers
- Energy Logic - waste oil burners
- Vortex waterborne auto paint - no solvents

- Valvoline Next Gen oil - made with recycled oil
- Recycled Batteries
- Natures Broom absorbent - eats the oil and eventually no waste
- Some NAPA products, such as batteries and rotating electronic products, are sold but also collected, broken-down to reuse the raw material in the case of batteries and refurbish in the case of rotating electronic products.
- Our line of re-refined oil helps to extend the life of the original oil.
- NAPA actively participates in provincial and national environmental initiatives that affect the products that it distributes in the marketplace. These programs not only include funding, but the collection of environmentally damaging products. Some of these programs include:
 - ✓ The collection of used lead acid batteries, refer to **Appendix C - East Penn Battery Recycling Program**;
 - ✓ The collection and remanufacturing of various automotive parts that are then resold into the marketplace;
 - ✓ Financial support for the collection of used oil and oil filters sold by NAPA;
 - ✓ Financial support for the collection of used paint cans sold by NAPA;
 - ✓ Financial support for the collection of flammable chemical containers sold by NAPA;
 - ✓ Financial support for the disposal of packaging materials for the products NAPA sells into the marketplace.
- All chemical products issued by NAPA will have a corresponding Material Safety Data Sheet or MSDS report. The MSDS sheet list potential hazards of the product. NAPA maintains a computer cataloged MSDS library that will be on the premises of the City Fleet locations. NAPA will produce a MSDS hard copy of all chemicals that will be stocked on the premises and update an OSHA approved MSDS book in the event of an emergency.
- NAPA maintains a store policy mandating key emergency contacts be clearly posted in the event of an emergency. Hazardous Material hotline and Poison Control will be posted.
- NAPA Policy Hazardous materials handling includes the use of protective measures such as an approved Eye Wash station, approved fire extinguishers, approved safety glasses and gloves.
- NAPA operates two brake pad and cylinder head manufacturing facilities that rebuild over 330,000 sets of brake pads and over 5,000 cylinder heads a year. The plants also recycle 100% of their carton and metal and 80% of wood pallets unsoiled by grease.

30) What unique attributes does your company, your products, or your services offer to RMA and represented Associations' Members? What makes your proposed solutions unique in your industry as it applies to RMA and represented Associations' Members?

We are uniquely structured organizationally with our corporate and associate store program, to be able to support RMA and its members with a consistent, compliant and uniform program for every region in Canada. We are not a member buying group, and our associates must operate in alignment with our corporate stores and are obligated to honour our National Account agreements. This ensures consistency of product, program, partnership and pricing.

The entire NAPA Auto Parts network in Canada; Distribution Centers, Corporate Stores & Associate Stores, all share a common computer platform. This allows us to provide RMA and their members with valuable information and analytics to be able to review purchase data, identify trends, highlight potential cost-savings and analyze spend from high level to very granular. This data can be used to assist in effectively managing fleet expenses, local inventory and project demand.

NAPA Auto Parts offers a complete suite of products and combined services. We have a common product offering nation-wide for consistency, and regional support teams offering business development, technical product support and a full portfolio of training options. Our regional teams can align with the RMA Client Relations Managers in every region to coordinate a joint effort to

collectively grow the business and support the network. In addition to the regional support teams, NAPA has recently created the position of Fleet & Government Specialist; there are three specialists covering every region in Canada. These team members are dedicated specifically to the fleet & government segment of our business and are a valuable resource to RMA and the membership.

These attributes differentiate NAPA from our competitors, we are uniquely positioned in the Canadian marketplace to be able to offer RMA the most consistent program available. This is the foundation of NAPA supporting the most robust portfolio of National and Major Accounts of any distributor in Canada.

- 31) Identify your ability and willingness to provide your products and services to RMA and represented Associations' Members in Canada.

RMA and represented Associations' Members in Canada are an integral and important part of our fleet portfolio. NAPA Auto Parts strongly values this partnership and has been proud to support RMA and its membership with an agreement in place since 2011. We have worked closely with the leadership team and client relations managers to grow the business with the membership and have supported RMA with their trade events, field sales, training and with marketing support whenever requested. We supported RMA with the growth and addition of AMM, SARM and SUMA, engaging our field support teams to visit all new member locations, setting up new accounts and creating customized internal measures and infrastructure for reporting, analytics and rebate to accommodate their inclusion. Our regional teams visit RMA member locations in their regular schedule and we have recently created the role of Fleet & Government Specialist, with three specialists nation-wide to directly support RMA and your members. We are familiar with RMA and our experience working together with your team over the last decade, and the systems we currently have in place to manage the partnership at all levels, uniquely positions NAPA to be able to support the next level of growth. We look forward to opportunity to continue to be a part of RMA's success.

Payment Terms, Warranty, Products and Services, Pricing and Delivery, and Industry-Specific Questions

Payment Terms and Financing Options

- 1) What are your payment terms (e.g., net 10, net 30)?

All purchases made in any given month by RMA members will appear on a monthly statement of account to be issued by the NAPA Stores as of the last day of the said month.

Statements of accounts are payable net 30 days by all RMA members. Administrative charges will be charged on overdue accounts. The current rate is 2% per month and is subject to change as per the policy NAPA Canada applies to its other customers in general.

NAPA is offering a 2.0% prompt payment discount, if payment is received by the 10th day following the date of any statement of account.

UAP has a centralized Accounts Receivable Department; therefore, RMA can make one (1) payment directly to UAP Inc. and UAP Inc. will assume responsibility to forward payments to each NAPA Store.

RMA is responsible for the payment of statement to each individual NAPA Store; therefore, any bad debt from an RMA member will be the responsibility of RMA. RMA reserves the right to notify UAP Inc. (in writing) of any account that RMA requires NAPA Canada to put on hold and not to ship or invoice them further until notified in writing by RMA.

- 2) Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?

NAPA Auto Parts stores are able to offer RMA members a simple and attractive way to finance equipment purchases over \$1,000. The NAPA Lease program is a financing plan that gives the members the chance to acquire the equipment they need quickly and easily. The NAPA Lease program is based on the principle of renting with the option to purchase at the end of the term. It only takes a couple of minutes to apply via a modern and user-friendly online platform. Applications are generally processed in under 24 hours, and the interest rates are competitive.

Please refer to the website below for more detail:

<https://fsuap.com/en/napa-credit-leasing>

- 3) Briefly describe your proposed order process. Please include enough detail to support your ability to report quarterly sales to RMA. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the RMA Members' and represented Associations Members' purchase orders.

Each RMA Members' and represented Associations Members' will order directly from our corporate or associate stores. The store will fulfill the purchase order and invoice the member. A monthly statement will be issued from the store to the member, who is responsible of the payment.

Please refer to both **Appendix F – Monthly Sales Report** and **Appendix G – Monthly Sales Report YTD**. They are examples of our typical monthly the sales report of all purchases by RMA member (YTD + by month) by each RMA division (RMA, AMM, SUMA, SARM).

Warranty

- 4) Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may include in your response a copy of your warranties, but at a minimum please also answer the following questions.

- Do your warranties cover all products, parts, and labor?

All replacements parts sold by NAPA are covered by a manufacturer's warranty against defects in materials or original construction and the remedy in the event of any defect is replacement of the part in question. Labour reimbursement is available on the replacement of qualifying defective parts through the NAPA Total Quality Program for those that register and pay for this program and most manufacturers will consider some form of labor compensation in the event of true part defect.

- Do your warranties impose usage restrictions or other limitations that adversely affect coverage?

Warranty terms may vary in length depending on the quality of the original product purchased. I.e. Our value line of hub bearings may be limited to a replacement warranty covering original defects for (E.g.) 18-month's / 18,000km's whereas, our premium line of products for the same application may carry a Limited Lifetime Warranty against manufacturing defects. No warranty would apply to parts that were incorrectly installed, abused, altered, installed on applications for which they were not intended or subject to normal wear tear and certain items may not be covered if used in off-road or racing applications and/or may have shortened lengths of coverage when used in commercial / fleet applications.

- Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?

There are no provisions for travel time/mileage however; re-repair labour expense is covered for members of NAPA's Total Quality Program. Select manufacturers and NAPA stores may consider special circumstances on a one-off basis.

- Are there any geographic regions in Canada for which you cannot provide a certified technician to perform warranty repairs? How will RMA Members' and represented Association Members' in these regions be provided service for warranty repair?

N/A, we understood the scope of this RFP was not to include vehicle repair services through our NAPA AUTOPRO network. Any product warranty repair claims made by RMA members are managed by the local NAPA store and through our supplier network.

- Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?

We would cover warranty (or arrange for coverage with the original manufacturer) on any items sourced and sold by NAPA even if those parts may not be part of our regular stocked inventory

- What are your proposed exchange and return programs and policies?

Items can be returned within 90 days of purchase. The following items can be returned:

- Any new item in its original packaging and condition.
- Any used core, as long as it is brought back in the box that contained the new product.
- Any item in a damaged or defective condition.

Additional return policy information can be from the NAPA Canada website:

<https://www.napacanada.com/en/returns>

- 5) Describe any service contract options for the items included in your proposal.

A service contract that can be made available to RMA members would be NAPA's Total Quality program. Please refer to **Appendix P - NAPA Total Quality** for more details.

Pricing, Delivery, Audits, and Administrative Fee

- 6) Provide a general narrative description of the equipment/products and related services you are offering in your proposal.

NAPA is offering of over 500,000 automotive replacement parts, products, tools, equipment and accessories for:

- Vehicles manufactured in North America from 1910 to today
- Equipment and products for paint and body shops
- Imported vehicles
- Small engines
- High-performance and all-terrain vehicles
- Industrial applications
- Agricultural applications
- Fleet vehicles
- Municipal vehicles

For more information, please refer to NAPA's general Fleet brochure **Appendix O - NAPA Fleet Brochure**.

- 7) Describe your pricing model (e.g. line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the RMA discounted price) on all the items that you want RMA to consider as part of your RFP response. Provide a SKU for each item in your proposal. (Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract. See the body of the RFP and the Price and Product Change Request Form for more detail.)

NAPA's pricing model is best described by line-item discounts. Please refer to **Appendix Q – RMA Pricing Profile** representing RMA's discounted price from NAPA's list price. All items we wish RMA to consider as part of NAPA's RFP response are presented with their associated discounts by line family, description and supplier.

- 8) Please quantify the discount range presented in this response. For example, indicate that the pricing in your response represents is a 50% percent discount from the MSRP or your published list.

As demonstrated per **Appendix Q – RMA Pricing Profile**, the pricing represents a range from 0.25% to 73.42% discount from our published list.

- 9) The pricing offered in this proposal is

- ☐ a. the same as the Proponent typically offers to an individual municipality, university, or school district.
- ☒ b. the same as the Proponent typically offers to GPOs, cooperative procurement organizations, or provincial purchasing departments.
- ☐ c. better than the Proponent typically offers to GPOs, cooperative procurement organizations, or provincial purchasing departments (please describe).

- 10) Describe any quantity or volume discounts or rebate programs that you offer.

Based on the parties involved with RMA, NAPA Canada will review the possibility of a volume and or loyalty rebate. Such a program, if applicable, will be determined as required on a case by case, customer by customer basis.

- 11) Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.

NAPA's proposed method of facilitating sourced products or related services are to supply such items at cost plus a percentage.

- 12) Identify any total cost of acquisition costs that are **NOT** included in the pricing submitted with your response. This cost includes all additional charges that are not directly identified as freight or shipping charges. For example, list costs for items like installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proponent.

Additional costs are addressed and reviewed on a case by case basis and are specific to the service required. We will collaborate with our supplier network to ensure we meet the economical requirements of the RMA members.

- 13) If delivery or shipping is an additional cost to the RMA Member and represented Association Member, describe in detail the complete shipping and delivery program.

Additional shipping costs are determined on case by case basis and are dependant on the items being shipped. It typically affects larger items (i.e. hoists) where costs are determined at the time of sale.

- 14) Specifically describe those shipping and delivery programs for Canada.

Deliveries of products will be made free of charge. Freight charges may apply to garage equipment and emergency orders of automotive parts and accessories in which case RMA member will have first agreed to the additional freight charges.

- 15) Describe any unique distribution and/or delivery methods or options offered in your proposal.

NAPA works with our supplier network to provide a delivery method to "Drop Ship". In certain circumstances, such as large quantities or large products, it's a method we can offer to RMA members.

- 16) Please specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with RMA. This process includes ensuring that RMA Members and represented Associations Members obtain the proper pricing, that the Vendor reports all sales under the Contract.

Once awarded, a pricing profile summary sheet will be distributed electronically amongst all NAPA stores. The RMA contract will be issued a National pricing profile number that will be loaded into the NAPA TAMS system ensuring all RMA members are coded properly for their purchases in every NAPA store across Canada.

- 17) Identify a proposed administrative fee that you will pay to RMA for facilitating, managing, and promoting the RMA Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See RFP Section 5.28 and following for details.)

Please refer to Appendix D – RMA Rebate Grid for our proposed administrative fee paid back to RMA. Also, please refer to example **Appendix E - RMA Rebate Section** where it will include all the exclusions to **Appendix D – RMA Rebate Grid**.

Industry-Specific Questions

- 18) Describe the top three market differentiators of your products/services relative to this RFP category.

- 1) Consistent National Structure - We are uniquely structured organizationally with our corporate and associate store program, to be able to support RMA and its members with a consistent, compliant and uniform program for every region in Canada. We are not a member buying group, and our associates must operate in alignment with our corporate stores and are obligated to honour our National Account agreements. This ensures consistency of product, program, partnership and pricing.
- 2) Common Computer Platform - The entire NAPA Auto Parts network in Canada; Distribution Centers, Corporate Stores & Associate Stores, all share a common computer platform. This allows us to provide RMA and their members with valuable information and analytics to be able to review purchase data, identify trends, highlight potential cost-savings and analyze spend from high level to very granular. This data can be used to assist in effectively managing fleet expenses, local inventory and project demand.
- 3) Dedicated Support Team - NAPA Auto Parts offers a complete suite of products and combined services. We have a common product offering nation-wide for consistency, and regional support teams offering business development, technical product support and a full portfolio of training options. Our regional teams can align with the RMA Client Relations Managers in every region to coordinate a joint effort to collectively grow the business and support the network. In addition to the regional support teams, NAPA has recently created the position of Fleet & Government Specialist; there are three specialists covering every region in Canada. These team members are dedicated specifically to the fleet & government segment of our business and are a valuable resource to RMA and the membership.

- 19) Within the RFP category there is the potential to be several different sub-categories of solutions. Identify the sub-category title(s) that would best describe your products, equipment and supplies.

Below is a list of subcategories that would best describe our products:

- Agricultural & Industrial

- Alternators & Starters
- Apparel & Accessories
- Batteries
- Belts & Hoses
- Brakes
- Drivetrain
- Engine Heating & Cooling
- Engines, Parts & Gaskets
- Exhaust
- Fasteners & Hardware
- Filters
- Fuel & Emissions
- Headlights, Vision & Safety
- Heating, Cooling & Climate Control
- Ignition, Electrical & Lighting
- Interior Parts & Accessories
- Marine, RV & Powersport
- Oils, Chemicals & Fluids
- Paint, Body & Equipment
- Performance Parts
- Safety Parts & Accessories
- Small Engine, Lawn & Garden
- Steering & Suspension
- Tools & Equipment
- Transmission
- Truck & Towing
- Wheels & Exterior Accessories
- Wipers & Accessories

Signature:  Date: 2020-09-08

Form C – Proponent Information and Assurances

I am duly authorized by the undersigned company (the “**Proponent**”), including the persons, firms, corporations, and advisors joining in the submission of this Proposal, and represent to Rural Municipalities of Alberta (“**RMA**”) that the following information is correct. Terms not defined herein are defined in the RFP.

1. Proponent Information

- (a) The full legal name of the Proponent is:

UAP INC.

- (b) All other registered business names under which the Proponent carries on business are:

NAPA Auto Parts

TRACTION Heavy Vehicle parts

CADEL

ALTROM

- (c) The jurisdiction in which the Proponent is organized and existing is:

Province of Quebec

- (d) The name, address, telephone, and e-mail address of the contact person for the Proponent:

Contact Name: Darren Rest

Address: 7025, Ontario Street East - Montreal, QC, H1N 2B3

Telephone: 519-650-6804

E-mail address: drest@uapinc.com

2. Addenda

The Proponent is deemed to have read and accepted all addenda to the RFP issued by RMA to date. The Proponent understands that the onus remains on the Proponent to have made any necessary amendments to its Proposal based on the addenda in framing its Proposal.

3. Unfair Advantage and Conflict of Interest

The Proponent has reviewed the definitions of Unfair Advantage and Conflict of Interest set out in Section **Error! Reference source not found. (Error! Reference source not found.)** of the RFP. If the boxes below are left blank, the Proponent shall be deemed to declare that (a) it has had no Unfair Advantage in preparing its Proposal and (b) there is no foreseeable actual or potential Conflict of Interest in performing the contractual obligations contemplated in the RFP.

If either or both of the statements below apply, check the appropriate box:

- ☐ The Proponent declares that there is an actual or potential Unfair Advantage relating to the preparation of its Proposal.
- ☐ The Proponent declares that there is an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the RFP.

If the Proponent declares an actual or potential Unfair Advantage and/or an actual or potential Conflict of Interest (by marking either of the boxes above), relevant details are to be set out below.

4. Disclosure of Information and Freedom of Information

The Proponent hereby consents to the disclosure, on a confidential basis, of this Proposal by RMA to RMA's advisers retained for the purpose of evaluating or participating in the evaluation of this Proposal.

Freedom of information legislation (**FOIP**) will apply to records provided to RMA by a Proponent, and may require disclosure of such records to third parties.

The following chart is provided for Proponents to list all records supplied in confidence by the Proponent to RMA pursuant to this procurement process (e.g. their Proposal or any accompanying documentation). It is intended to assist RMA in determining what aspects of the Proposal are non-confidential (i.e., contain publicly available information), and what aspects are confidential. Confidential aspects either contain:

- business information – where disclosure would be harmful to the Vendor's business interests, or
- personal information – where disclosure would be an unreasonable invasion of personal privacy.

Record	Full Disclosure	Partial Disclosure	Identify portions of Record (e.g. pages or sections) that are supplied in confidence and the exemption(s) or exclusion(s) under FOIP being relied upon
Form A - Pricing	Full Disclosure		All pages from Form A - Pricing
Appendix D - RMA Rebate Grid	Full Disclosure		All pages from Appendix D - RMA Rebate Grid

Appendix E - RMA Rebate Section	Full Disclosure		All pages of Appendix E - RMA Rebate Section
Appendix F - Monthly Sales Report	Full Disclosure		All pages of Appendix F - Monthly Sales Report
Appendix G - Monthly Sales Report YTD	Full Disclosure		All pages of Appendix G - Monthly Sales Report YTD
Appendix Q - RMA Pricing Profile	Full Disclosure		All pages of Appendix Q - RMA Pricing Profile

Note: Listing the entire Proposal is not a useful means of distinguishing confidential from non-confidential information.

5. Capabilities and Performance

Check the appropriate box:

- ☒ The Proponent's Proposal applies to the sale of Goods/Services to Members in all Canadian provinces and territories, without any geographic restriction.
- ☐ The Proponent's Proposal only applies to the sale of Goods/Services to Members in the following provinces, territories or regions:

It is the responsibility of the Proponent to seek clarification from the RFP Contact or its own advisors on any matter it considers to be unclear – including any indemnity and insurance requirements in the Error! Reference source not found..

The Proponent understands that no delivery of Goods/Services will commence until RMA has entered into a contract with a Vendor.

Re: RFP RMA-2020-003 Automotive Parts Program

Clarification Letter

Dear RMA,

Per our meeting dated 2020-09-29 at 12pm EST, we are responding with a "Clarification Letter" clarifying parts of our RFP response to RMA-2020-03 Automotive Parts Program.

1. Products/Items Excluded from the Rebate Program

In addition to the information provided in Appendix D – RMA Rebate Grid **Rev.1** and Appendix E – RMA Rebate Section **Rev.1**, we are clarifying with example product lines that are part of our "Value Lines" category. Please refer to a revised Appendix Q – RMA Pricing **Rev. 1** where we've highlighted in **yellow** product lines that fall within our "Value Line" category would be subject to a progressive rebate scale to a maximum of 3%. Where all other qualifying products are subject to a progressive rebate scale as detailed in Appendix D – RMA Rebate Grid to a maximum of 4.25%.

Lubricants, Chemicals, Tools and Equipment are categorized as commodity product lines. These products are net priced where no further discounts or rebates can be applicable. These categories represent approximately 5% of our overall product offering. These product lines are illustrated on page 45 of the revised Appendix Q – RMA Pricing **Rev. 1**

2. RMA Fuel RFP vs. RMA Automotive Parts Program RFP

NAPA Auto Parts was awarded the "Schedule D - Lubricants" portion of the RMA Fuel RFP AB-2019-02545. These are specified volume and packaged lubricant items detailed in the RFP. Whereas the RMA Automotive Parts Program RFP provides RMA members the flexibility to purchase packaged lubricants of any type or volume from their local NAPA Auto Parts store.

3. NO FEE Training ProLink

As part of our value add to all RMA members, we will be offering a NO FEE training of our E-commerce platform called ProLink. This online order management solution will be provided and setup for all RMA members. Members will have their own login credentials, setup with their payment information and access to their pricing on all parts and products. Below are some of the key features and benefits to ProLink:

- Online ordering is available 7 days a week 24 hours a day
- Multiple search options
- Interchange by OEM part number for light to medium duty vehicle types and manufacturers

UAP Inc., 7025 Ontario Street East, Montreal (Quebec) H1N 2B3 – Telephone: 514-256-5031 – Fax: 514-256-2512

- Real Time inventory (Stores and DC)
- Improves order accuracy
- Integrates with Shop Management Software
- New VIN Scan App
- Product images available
- Product specs
- Warranty information
- MSDS information
- Product comparison feature

Additional information is available from the NAPA ProLink website:

<https://www.napaprolink.ca>

Automotive Parts Program [RMA-2020-003]

REQUEST FOR PROPOSALS

PART 1

INTRODUCTION AND BACKGROUND

1.1 Summary of Opportunity

This RFP is issued by RMA for the provision of its Automotive Parts Program.

More detailed requirements are set out in the Appendix 1 - Goods/Services.

This RFP will result in the award of one or more Agreements. The maximum term of the Agreement is intended to be for a period of 3 years, with an option in favour of RMA to extend the term (without any other change in the Agreement) for 1 additional period of up to 2 years.

The value of contracts resulting from this RFP is projected at \$3,000,000 annually with increasing sales throughout Canada. This amount is based on the projected needs for the membership for the 2020-2023 fiscal year, is only an estimate and not a commitment or guarantee of purchase volumes or value.

A Vendor may be allocated a Canada wide contract or a contract for specific geographical locations or provinces based on the Vendor's supplier network and capability, and on the evaluation process under this RFP.

RMA requests Proponents submit their entire line of Goods/Services as it applies and relates to the scope of this RFP

THIS IS A NON-BINDING RFP. IT IS CONCEIVABLE THAT THESE EVENTS WILL NOT OCCUR DUE TO THE DISCRETION OF RMA AND/OR ANY PROPONENT TO NOT PROCEED, AS THERE IS NO LEGALLY BINDING OBLIGATION ON RMA OR ANY PROPONENT TO PROCEED. SEE SECTION 2.3 (Not a Tender, No "Contract A" / "Contract B").

1.2 About RMA and Other Provincial Associations Represented in this RFP

The Rural Municipalities of Alberta is the lead agency in a group of partners representing MASH, public, and not-for-profit entities across Canada. RMA is a public agency, incorporated by Alberta legislation, and is registered in a number of provinces across Canada. On behalf of its partner organizations, RMA facilitates a competitive solicitation and contracting process on behalf of and based on the needs of itself and Members. This process results in regional and/or national procurement contracts with various vendors of products/equipment and services which Members desire to procure.

RMA is governed by publicly elected officials that serve as the RMA Board of Directors. RMA's Board of Directors oversee and authorize the calls for all new proposals and holds those resulting contracts for the benefit of its own and Members' use.

RMA currently serves over 1,900 Member agencies nationally. Both membership and utilization of RMA contracts continue to expand, due in part to the increasing acceptance of cooperative purchasing throughout the government and education of communities nationally. RMA is currently partnered with the following provincial counterparts:

Automotive Parts Program [RMA-2020-003]

- Saskatchewan Urban Municipalities Association/Municipalities of Saskatchewan ("SUMA");
- Saskatchewan Association of Rural Municipalities ("SARM");
- Association of Manitoba Municipalities ("AMM");
- Local Authorities Services ("LAS");
- Municipalities Newfoundland & Labrador ("MNL");
- Federation of Prince Edward Island Municipalities ("FPEIM");
- Nova Scotia Federations of Municipalities ("NSFM");
- Northwest Territories Association of Communities ("NWTAC").

In addition, this RFP may apply to other public sector and not for profit entities in British Columbia, New Brunswick, Quebec, Northwest Territories, Yukon Territory, Nunavut and the rest of Canada.

For a complete list of current RMA members, as well as the current members of the provincial associations represented in this RFP, and other entities represented in this RFP see <https://rmalberta.com/wp-content/uploads/2020/06/Provincial-Associations-Public-Sector-Agencies-2020-1.xlsx>.

Please note, "Members", as referred to in this RFP, include all of those listed, whether current or potential future members, but does not in any way guarantee that any or all Members will want to participate.

1.3 Why Respond to a Cooperative Purchasing RFP

Cooperative purchasing creates value for municipal, academic, health and social services sector agencies, including urban municipalities, counties, districts, rural municipalities, schools, electrical/gas and irrigation associations and other not for profit agencies as well as for vendors of products/equipment and services in a variety of ways.

- It potentially saves time and effort for purchasers, who otherwise would have to solicit vendor responses through individual competitive procurement processes, resulting in individual contracts. Considerable time and effort are also potentially saved by vendors who would have had to otherwise respond to each of those individual competitions. A single, cooperative advertised RFP, resulting in a single, cooperative contract can potentially replace many individual RFPs for the same equipment/products/services that might have been otherwise advertised by individual Members.
- It leverages the collective purchasing power of thousands of Members. Our contract terms and conditions offer the opportunity for vendors to recognize individual Member procurement volume commitment through additional volume-based contract discounts. Although no sales or sales volume is guaranteed by any contract resulting from this RFP, substantial volume is anticipated, and volume pricing is requested and justified.

Canadian and provincial legislation that permit or encourage cooperative purchasing contracts do so with the belief that cooperative efficiencies will result in lower prices, better overall value, and considerable time savings through an open, transparent and competitive procurement process.

Automotive Parts Program [RMA-2020-003]

1.4 Intent of this RFP

Any contract awarded through this RFP will enable purchases by Members nationally and/or regionally based on the Vendor's Proposal and subsequent Agreement, through a cooperative effort between the Vendor, RMA, and other partner associations that choose to adopt RMA contracts. Proponents are expected to offer price levels reflective of the potential and collective volume of Members (across both RMA and the represented Associations' membership).

1.5 Single or Multiple Awards

RMA may select a single Proponent or RMA may select multiple Proponents with whom to negotiate a contract with the goal of awarding a single contract or multiple contracts.

Also, if RMA has organized the Goods/Services into separate classes or categories, RMA may award multiple contracts based on which Proponent is the Ranking Proponent for a particular class or category.

In the event of the RMA selecting multiple Proponents, the Members will enter into contracts with the Proponent(s) based on the best overall value as assessed by the Member in their sole discretion.

1.6 Manufacturer vs. Distributor/Reseller

Non-Manufacturer Awards: RMA reserves the right to make a selection under this RFP of a non-manufacturer or dealer/distributor if such action is in the best interests of Members. Parts and service providers should provide pricing structure for all incidental work performed on behalf of Members and must provide documentation from manufacturers confirming the dealer/distributors ability to provide the solutions as proposed.

1.7 Manufacturer / Wholesale Distributor as Proponent

Unless stated otherwise, a manufacturer or wholesale distributor Proponent is assumed to have a documented relationship with their dealer network where that dealer network is informed of, and authorized to accept, purchase orders pursuant to any contract resulting from this RFP on behalf of the manufacturer or wholesale distributor Proponent. Any such dealer will be considered a sub-contractor of the Proponent. The relationship between the manufacturer and wholesale distributor Proponent and its dealer network must be proposed at the time of the submission if that fact is properly identified.

1.8 Dealer/Reseller as Proponent

If the Proponent is a dealer or reseller of the Goods/Services, the Proponent must document their authority to offer those Goods/Services.

1.9 Agreement

It is expected that the Ranking Proponent, if any, will be invited to negotiate (and, if acceptable to RMA and the Ranking Proponent, sign) a comprehensive agreement (the "Agreement") setting out the terms and conditions that will apply to the purchase of Goods/Services.

Appendix 2 – Form of Agreement sets out the form that RMA intends to use as the basis for a negotiated agreement (the "Form of Agreement").

.

Automotive Parts Program [RMA-2020-003]

It is intended that only a single Ranking Proponent will be selected to sign an Agreement (however, RMA reserves the right to select more than one Ranking Proponent to sign an Agreement). The Form of Agreement will be provided to the awarded vendor/s.

1.10 RFP Timetable

The following is a summary of the key dates in the RFP process:

Event	Location	Date
First Phase		
RFP Issue Date	–	July 31, 2020
Conference for Interested Proponents	–	N/A
Deadline for Questions (see Section 2.8.1 (Submission of Questions))	–	August 21, 2020
Proposal Submission Deadline	–	September 8, 2020 at 3:00pm MT
Finalization of Agreement		
Invitation to Ranking Proponent to Finalize and Sign Agreement	–	September 25, 2020
Anticipated Agreement Start Date	–	October 1, 2020

RMA may change any of the above dates and times, including the Proposal Submission Deadline, in its sole discretion and without liability, cost, or penalty. If a change is made to any of the above dates, RMA will post any such change on the Bidding Portal.

In the event of any change in the Proposal Submission Deadline, the Proponents shall thereafter be subject to the extended Proposal Submission Deadline.

1.11 RFP Contact

All communications with RMA regarding any aspect of this RFP should be directed to the RFP Contact:

Name: Nigel Gamester
Title: Vendor Administration Manager
Email: Tenders@RMATrade.com

1.12 RFP Schedules and Forms

This RFP includes the following Schedules:

Appendix 1 - Goods/Services
Appendix 2 – Form of Agreement
Mandatory Requirements Schedule

Automotive Parts Program [RMA-2020-003]

Rated Elements Schedule

This RFP includes the following Forms (which are to be completed and included in the Proponent's Proposal):

Form A – Pricing

Form B – Proponent Questionnaire

Form C – Proponent Information and Assurances

Form D – Exceptions to RFP or Form of Agreement

Form E – Pre-Submission Checklist

Automotive Parts Program [RMA-2020-003]

**PART 2
RFP PROCEDURES**

2.1 Definitions

In this RFP, unless the context otherwise requires, the following terms have the meanings indicated below:

- (a) **"Agreement"** has the meaning ascribed in Section 1.9 (Agreement).
- (b) **"Applicable Laws"** means any common law requirement and all applicable and enforceable statutes, regulations, directives, policies, administrative interpretations, orders, by-laws, rules, guidelines, approvals, and other legal requirements of any government and/or regulatory authority in effect from time to time.
- (c) **"Bidding Portal"** means RMA's online solution for issuing solicitations. The Bidding Portal includes the following tendering websites:
 - <http://bcbid.gov.ca>
 - www.purchasingconnection.ca
 - <http://www.sasktenders.ca>
 - <http://www.merx.com>
 - <https://www.princeedwardisland.ca/en/tenders>
 - <https://procurement.novascotia.ca/>

RFP Notices will also be advertised on the Provincial Association Websites.

- (d) **"Business Day"** or **"Business Days"** means Monday to Friday between the hours of 9:00 a.m. to 5:00 p.m. local time in Nisku, Alberta, except when such a day is a public holiday, as defined in the *Employment Standards Code* (Alberta), or as otherwise agreed to by the parties in writing.
- (e) **"Conflict of Interest"** means any situation or circumstance where, in relation to the performance of its obligations under the Agreement, the Proponent's other commitments, relationships or financial interests (i) could or could be seen to exercise an improper influence over the objective, unbiased, and impartial exercise of its independent judgement; or (ii) could or could be seen to compromise, impair, or be incompatible with the effective performance of its obligations under the Agreement.
- (f) **"Days"** means calendar days.
- (g) **"Eligible Proposal"** means a Proposal that meets or exceeds a prescribed requirement, allowing it to proceed to the next stage of the evaluation process.
- (h) **"Evaluation Matrix"** means the 10-point evaluation methodology set out at Section 4.3 (Stage II – Evaluation of Rated Elements).

Automotive Parts Program [RMA-2020-003]

- (i) **"Evaluation Team"** means the individuals who have been selected by RMA to evaluate the Proposals.
- (j) **"Form of Agreement"** has the meaning ascribed in Section 1.9 (Agreement).
- (k) **"Goods/Services"** means the goods/services that are the subject matter of this RFP, as described in the Appendix 1 - Goods/Services.
- (l) **"Member" or "Members"** means any current and future members of RMA, and any RMA-represented associations and their current and future members – which include local governmental organizations located in all provinces and territories in Canada. This term also includes RMA, in its capacity as a purchaser of Goods/Services. See Section 1.2 for a list of Members.
- (m) **"Personal Information"** means recorded information about an identifiable individual or that may identify an individual that is received or collected by RMA as part of this RFP.
- (n) **"Proponent" or "Proponents"** means an entity that submits a Proposal in response to this RFP and, as the context may suggest, refers to a potential Proponent.
- (o) **"Proposal" or "Proposals"** means all of the documentation and information submitted by a Proponent in response to the RFP.
- (p) **"Proposal Submission Deadline"** means the corresponding date and time as set out in Section 1.10 (RFP Timetable) that applies to the then-current Phase of the RFP process, as may be amended from time to time in accordance with the terms of the RFP.
- (q) **"Ranking Proponent"** means the Proponent(s) that RMA has identified as the highest-ranked Proponent(s) in accordance with the evaluation process.
- (r) **"Rectification Period"** means the period commencing on the date that RMA issues a rectification notice to the Proponent pursuant to Section 2.12 (Rectification Period) and running for the number of Business Days provided in that notice, expiring at 5:00 p.m. MT on the last Business Day.
- (s) **"Request for Proposals" or "RFP"** means this Request for Proposals issued by RMA, and all addenda thereto.
- (t) **"RFP Contact"** means the individual identified in Section 1.11 (RFP Contact).
- (u) **"RMA"** means Rural Municipalities of Alberta.
- (v) **"Timetable"** means the timetable for this RFP, as described at Section 1.10 (RFP Timetable).
- (w) **"Unfair Advantage"** means any conduct, direct or indirect, by a Proponent that may result in gaining an unfair advantage over other Proponents, including but not limited to (i) possessing, or having access to, information in the preparation of its Proposal that is confidential to RMA and which is not available to other Proponents, (ii) communicating with any person with a view to influencing, or being conferred preferred treatment in, the

Automotive Parts Program [RMA-2020-003]

RFP process (including the offer or giving of a benefit of any kind, by or on behalf of a Proponent to anyone employed by, or otherwise connected with, RMA), or (iii) engaging in conduct that compromises or could be seen to compromise the integrity of the RFP process and result in any unfairness.

- (x) "Vendor" means any Ranking Proponent that enters into the Agreement with RMA.

2.2 Interpretation

This RFP shall be interpreted according to the following provisions, unless the context requires a different meaning:

- (a) Unless the context otherwise requires, wherever used herein the plural includes the singular, the singular includes the plural, and each of the masculine and feminine includes the other gender.
- (b) Words in the RFP shall bear their natural meaning.
- (c) References containing terms such as "includes" and "including", whether or not used with the words "without limitation" or "but not limited to", shall not be deemed limited by the specific enumeration of items but shall, in all cases, be deemed to be without limitation and construed and interpreted to mean "includes without limitation" and "including without limitation".
- (d) In construing the RFP, general words introduced or followed by the word "other" or "including" or "in particular" shall not be given a restrictive meaning because they are followed or preceded (as the case may be) by particular examples intended to fall within the meaning of the general words.
- (e) Unless otherwise indicated, time periods will be strictly applied.
- (f) The following terminology applies in the RFP:
 - (i) Whenever the terms "must" or "shall" are used in relation to RMA or the Proponents, such terms shall be construed and interpreted as synonymous and shall be construed to read "RMA shall" or the "Proponent shall", as the case may be.
 - (ii) The term "should" relates to a requirement which RMA would like the Proponent to address in its Proposal.
 - (iii) The term "will" describes a procedure that is intended to be followed.

2.3 Not a Tender, No "Contract A" / "Contract B"

Notwithstanding any other provision of this RFP:

- (a) this RFP is merely a call for proposals; it is not an offer to enter into a bidding contract (referred to as "Contract A") or a tender call intending to place legally binding obligations on RMA or any Proponent to enter into an agreement or to be bound by any of the terms of that Proponent's Proposal; and

Automotive Parts Program [RMA-2020-003]

- (b) It is not the intention of RMA to enter into an agreement for the Goods/Services described in this RFP or enter into any other legally binding obligations unless and until RMA has negotiated and finalized a separate written agreement satisfactory to both RMA and a Proponent, if any, with whom RMA decides to negotiate.

Proposals are revocable by Proponents. Proponents may withdraw from this process at any time.

RMA is under no obligation to consider any modifications to a Proposal by a Proponent following the Proposal Submission Deadline. Proposals and related information about Proponents will be assessed during the evaluation of Proposals and accordingly, misleading or incomplete information, including withdrawn or altered information or pricing, could adversely impact any such evaluation (or result in RMA revisiting that evaluation) and may result in disqualification (in RMA's sole discretion).

2.4 Restricted Communications

Proponents that fail to comply with the requirement to direct all communications to the RFP Contact may be disqualified from the RFP process. Without limiting the generality of this provision, Proponents may not communicate with or attempt to communicate with the following (unless instructed to by the RFP Contact):

- (a) any RMA director, officer, employee or agent (other than the RFP Contact);
- (b) any member of the Evaluation Team;
- (c) any expert or advisor assisting the Evaluation Team; or
- (d) any other elected official of any level of government, including any advisor to any elected official.

2.5 Authorized Communications, Amendments, Waivers

Proponents are advised that from the date of issue of the RFP through any award notification:

- (a) only the RFP Contact is authorized by RMA to amend or waive the requirements of the RFP pursuant to the provisions of this RFP; and
- (b) under no circumstances shall a Proponent rely upon any information or instruction from any commissioner, officer, employee, agent of RMA unless the information or instruction is provided in writing by the RFP Contact.

2.6 No Guarantee of Volume of Work or Exclusivity of Contract

RMA makes no guarantee of the value or volume of work to be assigned to the Vendor. Any Agreement executed with the Vendor will not be an exclusive contract. RMA may contract with others for the same or similar Goods/Services to those described in this RFP or may obtain the same or similar Goods/Services internally.

Automotive Parts Program [RMA-2020-003]

2.7 Due Diligence, Inconsistencies, Errors, Etc.

Every Proponent is responsible for conducting its own investigations and due diligence necessary for the preparation of its Proposal. Every Proponent should carefully review the RFP to ensure that it has no reason to believe there are any inconsistencies, errors, omissions, or ambiguities in any part of the RFP.

If a Proponent has any reason to believe that there are any inconsistencies, errors, omissions, or ambiguities in any part of the RFP, the Proponent should raise this as soon as possible as part of the question and answer process pursuant to Section 2.8 (Proponent Questions), but in any event must notify the RFP Contact in writing prior to submitting a Proposal. The RFP Contact will then clarify the matter for the benefit of all Proponents.

2.8 Proponent Questions

2.8.1 Submission of Questions

RMA will use the following process regarding any Proponent question or other request for clarification of any aspect of the RFP:

- (a) Proponents must submit requests for clarification via email to the RFP Contact, or as may otherwise be directed by the RFP Contact.
- (b) Where a question relates to a specific section of this RFP, reference should be made to the specific section number and page of the RFP.
- (c) Requests for clarification must be submitted prior to the Deadline for Questions.

2.8.2 Responses to Questions

RMA will make reasonable efforts to provide Proponents with written responses to questions that are submitted in accordance with Section 2.8.1 (Submission of Questions), subject to the provisions of this Section.

Questions and answers will be distributed in numbered addenda to Proponents by posting such addenda on the Bidding Portal. In answering a Proponent's question(s) in any addenda, RMA will set out the question(s), but without identifying the Proponent that submitted the question(s). Also, RMA may, in its sole discretion:

- (a) edit the question(s) for clarity;
- (b) exclude any question(s) that are either unclear or inappropriate; and
- (c) provide a single, consolidated answer to similar questions from various Proponents.

Where an answer results in any change to the RFP, such answer will be formally documented through the issue of a separate addendum reflecting that change.

Important Note: Proponents who intend to respond to this RFP are requested not to cancel the receipt of addenda or amendments option provided via the Bidding Portal, since they must obtain important information and documents that are issued through the Bidding Portal.

Automotive Parts Program [RMA-2020-003]

2.9 Issued Addenda

RMA will only amend or supplement the RFP by issuing an addendum. Any amendment or supplement to the RFP made in any other manner will not apply to the RFP.

Before submitting a Proposal, a Proponent shall be responsible to verify that it has received all of the addenda that have been issued.

All addenda that have any impact on a Proponent's Proposal will be posted on the Bidding Portal at least 7 Days prior to the Proposal Submission Deadline, unless it is an addendum that extends the Proposal Submission Deadline or the addendum (in the sole discretion of RMA) addresses matters that are not likely to be material to whether a Proponent submits a Proposal or to a Proposal's contents.

2.10 Withdrawal of Proposal

A Proponent may withdraw its Proposal at any time. To withdraw a Proposal, send written notice to the RFP Contact. RMA has no obligation to return withdrawn Proposals.

2.11 Amendment of Proposal

A Proponent may amend its Proposal after submission, but only if the Proposal is amended and resubmitted before the Proposal Submission Deadline.

2.12 Rectification Period

If RMA determines that a Proposal fails to contain the elements listed in the Mandatory Requirements Schedule or has some other technical irregularity, RMA may issue a rectification notice to the applicable Proponent, identifying the irregularity and granting the Proponent an opportunity to rectify it.

If, prior to the expiry of the Rectification Period, the notified Proponent rectifies the irregularity (and delivers the rectified element(s) according to Section 3.1 (Proposal Delivery) or as otherwise stated in the notice), RMA will consider the rectified element(s) during the evaluation process.

If the notified Proponent fails to do so, its Proposal may be disqualified.

2.13 Clarification of Proponent's Proposal

RMA shall have the right at any time after the Proposal Submission Deadline to seek clarification from any Proponent in respect of that Proponent's Proposal, without contacting any other Proponent. RMA shall not be obliged to seek clarification of any aspect of any Proposal.

Any clarification sought shall not be an opportunity for the Proponent to either correct errors or to change the Proponent's Proposal in any substantive manner. Subject to the qualification in this provision, any written information received by RMA from a Proponent in response to a request for clarification from RMA may be considered to form an integral part of the Proponent's Proposal, in RMA's sole discretion.

Automotive Parts Program [RMA-2020-003]

2.14 Verification of Information

RMA may:

- (a) verify any Proponent's statement or claim made in the Proponent's Proposal or made subsequently in any subsequent communication by whatever means RMA may deem appropriate, including contacting persons in addition to those offered as references;
- (b) reject any Proponent's statement, claim or Proposal, if such statement, claim or Proposal is patently unwarranted or is doubtful; or
- (c) access the Proponent's premises where any part of the work is to be carried out to confirm Proposal information, quality of processes, and to obtain assurances of viability, provided that, prior to providing such access, the Proponent and RMA shall agree on reasonable access terms, including pre-notification, extent of access, security, confidentiality and the allocation and amount of any costs incurred in connection with such access.

2.15 No Publicity or Promotion

RMA does not wish any Proponent, including the Ranking Proponent, to make any public announcement or distribute any literature regarding this RFP or otherwise promote itself in connection with this RFP or any arrangement entered into under this RFP without the prior written approval of RMA.

If a Proponent, including the Ranking Proponent, makes a public statement either in the media or otherwise that is contrary to RMA's wishes noted above, then:

- (a) RMA may disqualify that Proponent; and
- (b) although RMA intends to treat all Proposals as confidential, RMA may disclose any information about a Proponent's Proposal to provide accurate information and/or to rectify any false impression which may have been created.

2.16 Confidentiality and Privacy

2.16.1 Confidential Information of RMA

At any time during this RFP process, RMA may request that all Proponents (or all Eligible Proponents, depending on the stage of the process) to sign a confidentiality agreement in connection with matters arising out of this RFP, and as a mandatory requirement to continue to participate in the RFP. Proponents that decline to sign such an agreement may be ineligible to continue to participate in the RFP.

2.16.2 Confidential Information of the Proponent

Except as provided otherwise in this RFP, or as may be required by Applicable Laws, RMA will treat the Proponents' Proposals (including, but not limited to pricing and product information) and any information gathered in any related process as confidential, and will restrict access to such information to those of its employees or advisors who require access to the information for the purposes of this RFP and who are subject to binding confidentiality obligations.

Automotive Parts Program [RMA-2020-003]

RMA does not intend to treat as confidential any information that is or becomes generally available to the public other than as a result of disclosure by RMA.

2.16.3 Personal Information

Personal Information shall be treated as follows:

- (a) ***Submission of Information*** – The Proponent should not submit as part of its Proposal any information related to the qualifications or experience of individuals who will be assigned to the project unless specifically requested. Should RMA request such information, RMA will treat this information in accordance with the provisions of this section and will maintain the information for a period of up to 7 years from the time of collection.
- (b) ***Use*** – Any Personal Information that is requested from each Proponent by RMA shall only be used (i) to select the qualified individuals to undertake the project; (ii) to confirm that the work performed is consistent with these qualifications; (iii) for any audit of this procurement process; and (iv) in the case of the Vendor, for contract management purposes.
- (c) ***Consent*** – It is the responsibility of each Proponent to obtain the consent of such individuals prior to providing the information to RMA. If any Personal Information is disclosed to RMA by a Proponent, RMA will consider that the appropriate consents have been obtained for the disclosure to and use by RMA of the requested information for the purposes described herein.

2.17 Debriefing

Proponents may request a debriefing meeting with RMA. Such requests must be made to the RFP Contact within 60 Days following the date of posting of a contract award notification in respect of the RFP.

Debriefing meetings will be held by telephone unless otherwise agreed.

2.18 Bid Protest Procedure

Before initiating the bid dispute process, Proponents should raise their concerns with the RFP Contact, either as part of the question and answer period or (if feasible) a debriefing. If the Proponents is not satisfied with the outcome, and wishes to initiate a formal bid dispute, the Proponents must follow the steps set out in RMA's bid dispute procedure (summarized below).

All bid disputes will receive a formal review and all Proponents who initiate a bid dispute in accordance with RMA's procurement policy will be provided with a formal response.

A bid dispute must be submitted within 5 Days of the circumstances giving rise to the dispute. To submit a bid dispute, Proponents must deliver a written submission containing:

- (a) The name, address, and telephone number of the Proponent;
- (b) An indication that the bid dispute is authorized by an authorized signing officer or representative of the Proponent;
- (c) The RFP number;

Automotive Parts Program [RMA-2020-003]

- (d) Identification of the statute or procedure that is alleged to have been violated;
- (e) A precise statement of the relevant facts;
- (f) Identification of the issues to be resolved;
- (g) The Proponent's argument and supporting documentation; and
- (h) The Proponent's proposed resolution. All documentation must be addressed to:

Attention: RMA's Director of Business Services
Rural Municipalities of Alberta
2510 Sparrow Drive, Nisku, Alberta T9E 8N5

Once a bid dispute has been received, the Director of Business Services will initiate a review of the matter. The Director of Business Services will complete that review and provide a response to the Proponent as soon as reasonably possible, but generally within 10 Days.

That response shall be the final response from RMA regarding the bid dispute.

Filing a bid dispute does not affect a Proponent's ability to participate in ongoing or future procurement opportunities with RMA.

2.19 Freedom of Information Legislation

Freedom of information legislation applies to records in the custody and/or control of RMA (and Members, generally). That legislation applies to any information provided by Proponents to RMA in connection with this RFP. Such information may be subject to requests for access under that legislation, and can only be withheld from disclosure in specific circumstances. RMA is itself subject to the *Freedom of Information and Protection of Privacy Act* (Alberta).

A Proponent should identify any information in its Proposal that, if disclosed to any other person, would harm that Proponent's competitive position or invade the privacy of identified individuals. Generally, only specific portions of a Proposal should be identified.

2.20 Public Disclosure

Proposals will be formally opened in public and only the name of the Proponent submitting a Proposal will be read. Details of the Proposals or any financial information will not be publicly disclosed at the opening.

2.21 Competition Act

Under Canadian law, a Proponent's Proposal must be prepared without conspiracy, collusion, or fraud. For more information on this topic, visit the Competition Bureau website at <http://www.cb-bc.gc.ca/eic/site/cb-bc.nsf/eng/01240.html>, and in particular, part VI of the *Competition Act*, R.S.C. 1985, c. C-34.

Automotive Parts Program [RMA-2020-003]

2.22 Trade Agreements

Proponents should note that (based on the Members looking to purchase under this RFP) this procurement process is subject to the requirements of:

- Comprehensive Economic and Trade Agreement between Canada and the European Union, Chapter 19 (Government Procurement)
- Canadian Free Trade Agreement, Chapter 5 (Government Procurement)
- New West Partnership Trade Agreement, Article 14 (Procurement) and Part V, Section C (Exceptions: Government Procurement)
- Trade and Cooperation Agreement Between Ontario and Quebec, Chapter 9
- Atlantic Procurement Agreement.

2.23 Rights of RMA – General

In addition to any other express rights or any other rights which may be implied in the circumstances, RMA reserves the right to (in its sole discretion):

- (a) make public the names of any or all Proponents;
- (b) request written clarification or the submission of supplementary written information from any Proponent and to incorporate such clarification or supplementary written information into the Proponent's Proposal;
- (c) waive formalities and accept Proposals that substantially comply with the requirements of this RFP;
- (d) contact or not contact any or all references provided by the Proponent;
- (e) verify with any Proponent or with a third party any information, or check references other than those provided by Proponents, as set out in a Proposal, as described in Section 2.14 (Verification of Information);
- (f) disqualify any Proponent whose Proposal contains misrepresentations or any other inaccurate or misleading information, or any Proponent whose reasonable failure to cooperate with RMA impedes the evaluation process, or whose Proposal is determined to be non-compliant with the requirements of the RFP;
- (g) disqualify any Proponent that has a Conflict of Interest or Unfair Advantage, or where reasonable evidence of any Unfair Advantage or Conflict of Interest is brought to the attention of RMA, and RMA determines that no reasonable mitigation is possible, or that the Proponent has not taken sufficient steps to promptly address such matters to the satisfaction of RMA;
- (h) disqualify any Proponent that is bankrupt or insolvent, or where bankruptcy or insolvency are a reasonable prospect;

Automotive Parts Program [RMA-2020-003]

- (i) disqualify any Proponent that has engaged in significant or persistent deficiencies in performance of any substantive requirement or obligation under a prior contract or contracts;
- (j) disqualify any Proponent if the Proponent, or any officers, directors or other key personnel of the Proponent:
 - (i) are subject to final judgments in respect of serious crimes or other serious offences; or
 - (ii) have engaged in professional misconduct or acts or omissions that adversely reflect on the commercial integrity of the Proponent – including where there is any evidence that the Proponent or any of its employees or agents colluded with any other Proponent, its employees or agents in the preparation of its Proposal, or have made false declarations to RMA;
- (k) disqualify any Proponent if the Proponent has failed to pay taxes;
- (l) make changes, including substantial changes, to this RFP provided that those changes are issued by way of addenda in the manner set out in this RFP;
- (m) accept or reject a Proposal if only one Proposal is submitted;
- (n) accept any Proposal in whole or in part;
- (o) reject a subcontractor proposed by a Proponent within a consortium;
- (p) reject a Proposal:
 - (i) if RMA has initiated a dispute, claim or litigation with that Proponent;
 - (ii) if that Proponent has initiated or is involved in a dispute, claim or litigation against RMA that RMA considers to be frivolous, vexatious, without merit and/or unreasonable;
 - (iii) if the Proponent has failed to satisfy an outstanding debt to RMA;
 - (iv) if the Proponent has a history of illegitimate, frivolous, unreasonable or invalid claims;
 - (v) if the Proponent provides incomplete, unrepresentative or unsatisfactory references; or
 - (vi) if RMA determines that it would not be in the public interest to accept the Proposal;
- (q) select a Proponent other than the Proponent whose Proposal reflects the lowest cost to RMA; or

Automotive Parts Program [RMA-2020-003]

- (r) cancel this RFP process at any stage (without providing reasons), and thereafter issue a new request for proposals, request for qualifications, engage in limited tendering, or take no further action in respect of the matters contemplated by this RFP.

By submitting a Proposal, the Proponent authorizes the collection by RMA of the information identified in this RFP which RMA may request from any third party.

2.24 Rights of RMA – Ranking Proponent

If the Ranking Proponent fails or refuses to execute the Agreement and provide any necessary documentation in connection therewith (e.g., proof of insurance coverage, performance surety) within 10 Business Days from being notified that it is the Ranking Proponent, RMA may, in its sole discretion:

- (a) extend the period for concluding the Agreement (provided that if substantial progress towards executing the Agreement is not achieved within a reasonable period of time from such extension, RMA may, in its sole discretion, terminate the discussions);
- (b) exclude the Ranking Proponent's Proposal from further consideration and notify the next highest-ranked Proponent (who will then be deemed to be the Ranking Proponent) that it is the Ranking Proponent; or
- (c) exercise any other applicable right set out in this RFP, including but not limited to, cancelling the RFP and issuing a new RFP or other procurement process for the same or similar Goods/Services.

2.25 Proponent's Costs

Each Proponent shall bear all costs and expenses incurred by that Proponent relating to any aspect of its participation in this RFP process, including all costs and expenses relating to the Proponent's participation in:

- (a) the preparation, presentation, and submission of its Proposal;
- (b) the Proponent's attendance at any meeting in relation to the RFP process, including any oral presentation and/or demonstration;
- (c) the conduct of any due diligence on its part, including any information gathering activity;
- (d) the preparation of the Proponent's own questions prior to the Proposal Submission Deadline; and
- (e) any discussion and/or negotiation, if any, in respect of the Agreement.

2.26 Priority of Documents

In the event of any inconsistencies between the provisions of the main part of the RFP and the Schedules, the RFP shall prevail over the Schedules during the RFP process.

Automotive Parts Program [RMA-2020-003]

**PART 3
PROPOSAL DELIVERY AND FORMAT**

3.1 Proposal Delivery

To be considered in the RFP process, a Proponent's Proposal must be received by the Proposal Submission Deadline.

Proposals must be electronically delivered to RMA at: Tenders@RMATrade.com. The email delivery size shall be no larger than 20MB.

Proposals submitted must identify the RFP number, Proposal Category Name, the message "Hold for Proposal Opening", and the Proposal Submission Deadline within the Subject Line.

Proponents are responsible for checking with the Bidding Portal and RMA for any addenda to this RFP. Addenda to this RFP can change the terms and conditions of the RFP, including the Proposal Submission Deadline.

3.2 Proposal Format

The Proposal must include these items:

- (a) Copy of Certificate of Insurance verifying the coverage identified in this RFP; and
- (b) Complete copy of the Proposal in searchable format. Must contain completed Forms A-E, your complete list of Goods/Services and pricing additional to Form a including appropriate discount per Good/Service category, and all appropriate attachments.
- (c) All Proposal forms must be legible. Where a form contains a signature line, the form must be executed by an authorized signatory of the Proponent.

As an association representing public bodies, RMA's proposals, responses, and awarded contracts are a matter of public record, except for such data that is classified as non-public. Accordingly, public data is available for review through a properly submitted FOIP request. Please see Form C for further information and to redact non-public information from your proposal.

Proposal should use the electronic forms provided. Proponents that use alternative documents are responsible for ensuring that the content is substantially similar to the RMA form and that the document is readable by RMA.

Proposals are to be submitted in English only, and any Proposal received by RMA that is not entirely in English may be disqualified.

3.3 Proposal Contents

Proposals must contain the elements listed in the Mandatory Requirements Schedule. A failure to do so will result in the Proposal being disqualified. Proponents should provide responses to the mandatory requirements in the corresponding schedule or as otherwise directed.

Automotive Parts Program [RMA-2020-003]

Proposals should address the elements listed in the Rated Elements Schedule by submitting completed Forms A-E and providing any additional information not sufficiently addressed by those forms in a supplemental written document under corresponding headings. Rated elements will be scored and failure by a Proponent to fully address any rated element will affect the Proponent's evaluation and final score under Part 4 (Evaluation Process).

Pricing information is to be provided per Form A – Pricing.

Automotive Parts Program [RMA-2020-003]

**PART 4
EVALUATION PROCESS**

4.1 General

The evaluation of the Proposals will be conducted by the Evaluation Team in several stages, as described below. The stages and the points allocated to each stage of the evaluation process are as follows:

Stage	Description	Points	Minimum Score
I	Mandatory Requirements	(Pass/Fail)	Pass
II	Rated Elements	630	410
III	Pricing	370	241
IV	Reference Verification	(Pass/Fail)	Pass
	Total	1,000	N/A

4.2 Stage I – Review of Mandatory Requirements (Pass/Fail)

A Proposal must meet the requirements set out in the Mandatory Requirements Schedule.

Stage I will consist of a review to determine which Proposals comply with those requirements.

Subject to Section 2.12 (Rectification Period), if a Proposal fails to satisfy all of those requirements then it will be disqualified.

4.3 Stage II – Evaluation of Rated Elements

The Evaluation Team will score each Eligible Proposal according to the rated elements listed in the Rated Elements Schedule.

Unless otherwise provided in this RFP, each rated element will be generally evaluated in accordance with the following methodology. Where a given criterion is not scored out of 10 points, the Proponent will receive a score for that criterion that is based on its score out of 10 according to this Section, but pro-rated based on the maximum score attributable to that criterion.

Automotive Parts Program [RMA-2020-003]

Score	Description
10	<p>All the following are true:</p> <ul style="list-style-type: none"> • information addresses all material points, AND • information has no shortcomings / deficiencies, and is credible, AND • information is fully consistent with the rest of the Proposal
8-9	<p>As with 10, except information contains shortcomings / deficiencies that slightly weaken the credibility / persuasiveness / value of the Proposal.</p>
7	<p>As with 10, except one of the following is true:</p> <ul style="list-style-type: none"> • information addresses most (but not all) material points, OR • information contains shortcomings / deficiencies that weaken the credibility / persuasiveness / value of the Proposal, OR • information is inconsistent with other (non-material) aspects of the Proposal in a manner that raises minor questions as to the credibility of the information.
5-6	<p>As with 10, except two or more of the following are true:</p> <ul style="list-style-type: none"> • information addresses most (but not all) material points, AND/OR • information contains shortcomings / deficiencies that weaken the credibility / persuasiveness / value of the Proposal, AND/OR • information is inconsistent with other aspects of the Proposal in a manner that raises minor questions as to the credibility of the information.
3-4	<p>Any one or two of the following is true:</p> <ul style="list-style-type: none"> • information fails to address most material points, AND/OR • information contains shortcomings / deficiencies that significantly weaken the credibility / persuasiveness / value of the Proposal, AND/OR • information is inconsistent with other aspects of the Proposal in a manner that raises serious questions as to the credibility of the Proposal
1-2	<p>Any one or two of the following is true:</p> <ul style="list-style-type: none"> • information fails to address any material points, AND/OR • information contains shortcomings / deficiencies that undermine the credibility / persuasiveness / value of the Proposal, AND/OR • information is inconsistent with other aspects of the Proposal in a manner that raises serious questions as to the credibility of the Proposal
0	No relevant information

Automotive Parts Program [RMA-2020-003]

4.4 Stage III – Pricing

Only at the completion of all other rated criteria for all Eligible Proposals will the RFP Contact evaluate the Form A – Pricing of Eligible Proposals.

Pricing will be scored based on a relative pricing formula on the basis of the information provided in the Form A – Pricing.

Each Proponent will receive a percentage of the total possible points allocated to price and or percent discount off list price by dividing the lowest bid price by the Proponent's price and or percent discount for the Goods/Services. For example, if the lowest price offered by one Proponent is \$120.00, that Proponent will receive 100% of the possible points ($120/120 = 100\%$). A Proponent who bids \$150.00 will receive 80% of the possible points ($120/150 = 80\%$) and a Proponent who bids \$240.00 will receive 50% of the possible points ($120/240 = 50\%$). If the highest percent discount off list offered by one Proponent is 35%, that Proponent will receive 100% of the possible points ($35/35 = 100\%$). A Proponent who bids 30% will receive 85.7% of the possible points ($30/35 = 85.7\%$) and a Proponent who bids 25% discount will receive 71.4% of the possible points ($25/35 = 71.4\%$).

$(\text{Lowest Price}/2^{\text{nd}} \text{ Lowest Price}) \times \text{Total available points} = \text{Score for proposal with } 2^{\text{nd}} \text{ lowest price}$

$(\text{Lowest Price}/3^{\text{rd}} \text{ Lowest Price}) \times \text{Total available points} = \text{Score for proposal with } 3^{\text{rd}} \text{ lowest price}$

A mathematical or transposition discrepancy or error in the Form A – Pricing may be corrected by RMA (in its sole discretion) by correcting the Proposal price as follows.

- If the discrepancy is in respect of extensions of unit prices, the unit price shall be taken as correct, and the extension shall be corrected accordingly.
- If a mathematical error is made in applying a fixed percentage to a stated amount (e.g., a 10% contingency fee on a pricing total), the recorded total will be corrected accordingly.
- If a mathematical error is made in adding line items to a total, the correct addition shall be taken as correct, and the recorded total will be corrected accordingly.
- If an error has been made in transferring an amount from one part of the Proposal to another, the amount shown before transfer shall be taken to be correct and the amount shown after the transfer and the Proposal price shall be corrected accordingly.
- If the discrepancy or error is such that more than one of the foregoing provisions applies, the corrections shall be applied sequentially, in descending order (provided that, if a mathematical error is made in adding line items to a total, the above will be applied first to correct individual line items, as appropriate).
- If the discrepancy or error is such that none of the foregoing provisions apply, the discrepancy or error shall be corrected by taking the lower of the inconsistent amounts as being correct, and the higher amount shall be corrected accordingly.

Any objection or refusal by a Proponent to RMA applying any of the foregoing shall result in either the disqualification of the Proponent, or the Proponent receiving the lowest possible score on the relevant criterion, in RMA's sole discretion.

Automotive Parts Program [RMA-2020-003]

The Administrative Fee will be scored based on the relative pricing formula used for pricing on the basis of the information provided.

4.5 Tie Break Process

If two or more Proposals achieve a tie score on completion of the evaluation process (or any part of that process that limits the number of Proponents that can continue to the next stage), RMA shall break the tie by comparing the scores of the highest rated criterion evaluated in that stage of the evaluation process. If a tie remains, then the second highest criterion will be used to compare scores, and so on, until the tie is resolved. If the tie cannot be so-resolved, then a tie shall be broken by coin toss or by draw of names from a hat – provided that the RFP Contact and at least two other RMA personnel are present.

4.6 Stage IV – Reference Verification (Pass/Fail)

At this stage, the Evaluation Team will verify as many references provided by the Ranking Proponent as the Evaluation Team may deem appropriate, and such references may be conducted in-person, as the Evaluation Team may determine in its sole discretion. References will be assessed as to their satisfaction with the performance of the Proponent, on a pass/fail basis. Finalization of Agreement with Ranking Proponent

After identifying the Ranking Proponent, if any, RMA may attempt to finalize the terms and conditions of the Agreement with the Ranking Proponent.

For certainty, RMA makes no commitment to the Ranking Proponent that the Agreement will be executed. The Ranking Proponent acknowledges that the commencement of any discussions does not obligate RMA to execute the Agreement.

RMA shall at all times be entitled to exercise its rights under Section 2.24 (Rights of RMA – Ranking Proponent).

RMA's approach to any negotiations is set out at Section 1.9 (Agreement).

Automotive Parts Program [RMA-2020-003]

Appendix 1 - Goods/Services Description

All terms with initial capitalization that are not otherwise defined in this RFP or this Schedule shall have the meaning ascribed to them in the Form of Agreement.

1. Scope

The purpose of this RFP is to award a contract, or multiple contracts, to a Vendor or Vendors that demonstrate and industry leading capability to supply and deliver automotive parts and products that support the Automotive Parts Program for RMA members. RMA members include any current and future Members – which include local government organizations located in all provinces and territories in Canada. For additional clarity, interested Proponents that serve select regions throughout Canada are encouraged to respond with their specific capabilities to supply and deliver a value-based solution for their region. All Proponents, however, are expected to focus their response for the purposes of the evaluation on their innate capability to supply and deliver a comprehensive product offering that exhibits a top-tier overall value-based solution for this Automotive Parts Program category.

This Automotive Parts Program RFP is specifically requesting comprehensive solutions for the categories listed below, however these identified categories are not to be understood as an all-inclusive list. Proponents are encouraged to provide all automotive part solutions in categories not otherwise mentioned, if applicable.

Air Conditioning	Exhaust	Ride Control & Suspension
Batteries	Filters & Valves	Steering
Belts & Hoses	Hardware & Fasteners	Wheel
Brakes	Ignition & Tune-Up	Tools & Shop Equipment*
Cooling & Heating	Fluids & Chemicals	Transmission & Transaxle
Engine Parts & Mounts	Paint	Wiper Blades

*For tools and shop equipment, this category can include, but not be limited to;

Diagnostic Equipment	Tire Changers
Jacks	Wheel Balancing Equipment
Vehicle Lifts	Dollies

This Automotive Parts Program RFP does not include fleet upfitting equipment or aftermarket accessories such as the categories listed below. In addition, this RFP should not be construed to include tires, finished lubricants, vehicle repair services, vehicle installation services such as auto body repair, glass repair, or replacement parts installation.

Service Bodies	Gooseneck Bodies
Mechanics Bodies	Light Duty Truck Bodies
Platform Bodies	Vans
Dump Bodies	Emergency Vehicles
Fiberglass Truck Caps	Commercial
Lighting	Interior / Exterior
Towing	Snow

Automotive Parts Program [RMA-2020-003]

2. Requirements and Deliverables

The Proponents are asked to provide a compelling proposal that will easily and clearly show overall best value. Best value will include but not be limited to addressing the following in your RFP submission:

- Competitive pricing across the span of products and services offered beyond a defined basket of goods;
- Our Members ask; how fast, how much, is there a minimum order, does it matter where I live, how easy is it to order, how does this support the local economy and is this trade compliant, my needs are different than my neighbors can my agency benefit by using this contract, is there someone that can answer my questions, do you care about me as a customer?

To support a top-tier overall value-based solution for the supply of the Automotive Parts Program, RMA is requesting that all interested Proponents provide a thorough and comprehensive description of their ability to deliver on the following items;

- **Range of Products:** Interested Proponents are requested respond with their most comprehensive list of related products that are considered applicable to the Automotive Parts Program RFP category. Automotive Part categories may include, but not be limited to air conditioning, batteries, belts & hoses, brakes, cooling & heating, engine parts & mounts, exhaust, filters & valves, hardware & fasteners, ignition & tune-up, paint, ride control & suspension, steering, wheel, transmission & transaxle, wiper blades, and tools & shop equipment. Tools & shop equipment may include, but not be limited to, diagnostic equipment, jacks, vehicle lifts, tire changers, wheel balancing equipment, and dollies. Proponents should provide an inclusive suite of available products and solutions, and clearly identify if there are any exclusions to their response.
- **Pricing and Discounts:** In correlation with the range of products submitted in the Automotive Parts Program RFP, Proponents are requested to provide a corresponding pricing and proposed discount model for all products listed in the response. Examples of pricing models may come in the form of % discount off list/posted/published/catalogue price or may be item by item fixed pricing for the term of the contract. For added clarity, the depth and breadth of each Proponent's range of products proposed, and the pricing and discount model deliverables will be evaluated independent of one another.
- **Online Technology – Ordering Process:** Interested Proponents are requested to respond with a detailed description of their existing online ordering platforms and supporting technology that delivers an industry leading customer ordering experience. In addition to the ordering process, interested Proponents are to provide details their return policy that is classified as either standard process or exceptional process specific to this RFP response. Additional considerations for online technology and ordering process include the Proponent's ordering platform for telephone and web-based orders and overall customization of online web portal for each provincial association(s) showing discount and contract savings.
- **Product Delivery and Shipping Considerations:** Interested Proponents are requested to respond with their best offer for shipping costs and timelines. Shipping regions potentially span Canada-wide, whereby MASH/MUSH sector and not-for-profit organizations across Canada will have access to the awarded contract. Proponents are encouraged to demonstrate their robust supply

Automotive Parts Program [RMA-2020-003]

chain network that reduces or eliminates shipping costs and reduces delivery times. In addition to the product delivery and shipping consideration deliverables, interested Proponents are to provide a description of their distribution network(s) in Canada along with any excluded regions in Canada that cannot be served through this network.

- **Canadian Sales Team(s):** Interested Proponents must respond with a designated representative or representatives responsible for managing the Vendor and contract relationship between the Vendor and RMA. In addition, interested Proponents are to provide contacts for any and all regional or territory sales representatives for the available serviceable regions. It is expected that the awarded Vendor or Vendors with regional or territory sales representatives work together with the RMA Client Relations Managers assigned to their same region or territory.
- **Vendor Marketing Plan:** Interested Proponents must respond with a detailed marketing plan that outlines the dedicated commitment of resources focused on promoting the awarded contract. This marketing plan should clearly indicate the area(s) of Canada that can be served, the resources available for those area(s), and should elaborate on the primary and secondary target markets along with strategies to reach those markets using the awarded contract and the partnership with RMA and represented associations. RMA welcomes interested Proponents to add other relevant considerations not already mentioned related to their proposed marketing plan.
- **Financial Reporting and Electronic Billing:** Interested Proponents must respond with their preferences and capabilities for financial reporting throughout the duration of this contract. Traditionally, RMA has implemented two commonly used financial reporting structures; quarterly reporting accompanied with the applicable administration fee payment, or a monthly invoice short pay. While these two financial reporting mechanisms are actively implemented by RMA, alternative financial reporting solutions will be considered to support and accommodate awarded Vendors. Proponents must have the capability to provide electronic billing for member purchases.
- **Miscellaneous considerations:** Interested Proponents are encouraged to provide any additional information deemed necessary to fulfill a top-tier overall value-based solution.

3. Insurance Requirements

Insurance Liability Limits. The Vendor must maintain, for the duration of its contract, \$5 million in general liability insurance coverage or general liability insurance in conjunction with an umbrella for a total combined coverage of \$5 million. Work on the Contract will not begin until after the Vendor has submitted acceptable evidence of the required insurance coverage. Failure to maintain any required insurance coverage or an acceptable alternative method of insurance will be deemed a breach of contract.

Minimum Scope and Limits of Insurance. The Vendor must provide coverage with limits of liability not less than those stated below. An excess liability policy or umbrella liability policy may be used to meet the minimum liability requirements provided that the coverage is written on a "following form" basis.

Commercial General Liability—Occurrence Form.

The insurance policy must include bodily injury, property damage and broad form contractual liability coverage.

Each Occurrence	\$5,000,000.00
-----------------	----------------

Automotive Parts Program [RMA-2020-003]

The limits listed in this RFP are minimum requirements. RMA does not warrant that the minimum limits contained herein are sufficient to protect a Vendor from liabilities that might arise out of the performance of the Agreement by the Vendor, its agents, representatives, employees, or subcontractors, and the Vendor is free to purchase additional insurance as may be determined necessary.

Insurance is to be placed with insurers duly licensed or authorized to do business in Canada.

A Vendors' certificate(s) must include all subcontractors as additional insureds under its policies, or the Vendor must furnish to RMA separate certificates for each subcontractor upon contract award. All coverage for subcontractors is subject to the minimum requirements identified above.

Proponents are strongly advised to contact their respective insurance broker(s) and assess the impact the insurance coverage requirements set out in the Agreement may have on their proposals and pricing. Proponents are expected to cover all required insurance-related costs in their proposed pricing.

4. Order Process and/or Funds Flow

Members typically issue a purchase order directly to a Vendor. Alternatively, a separate contract may be created to facilitate acquiring the Goods/Services.

A Vendor and a Member may (by mutual agreement) add terms or conditions to a purchase order or a separate contract provided that such terms or conditions must not be less favorable than terms afforded to other Members. However, a Vendor may not make a Member's purchase conditional on adding terms or conditions without the prior written approval of RMA.

Invoices and vendor payments are typically (but not exclusively) processed through RMA. Invoices may be sent at any time; however, must be submitted in electronic format to the e-mail address or assigned vendor portal provided. Vendors must also provide consolidated monthly statements.

The Vendor must provide monthly reports to RMA about Member purchases (showing province, Association, Member name, Goods/Services purchased, price and administrative fee to RMA).

The Vendor must make a quarterly payment of administrative fees to RMA.

5. Administrative Fee

Vendors will pay to RMA an administrative fee. The administrative fee is designed to cover the costs of RMA's and the represented Associations' involvement in contract management, facilitating marketing efforts, Vendor and Member training, and any order processing tasks relating to the Agreement. Administrative fees may also be used for other purposes as allowed by Canadian federal and provincial law.

The administrative fee is typically calculated as a percentage of the dollar volume of all Goods/Services purchased by Members under the Agreement, including anything represented to Members as falling under the Agreement.

The administrative fee is included in, and not added to, the pricing included in Proponent's Proposal. Vendors must not charge Members more than the pricing in their Proposal in order to offset the administrative fee.

Automotive Parts Program [RMA-2020-003]

While RMA does not dictate the fee percentage, we require that the Proponent articulate a specific fee in its Proposal. For example, merely stating that “we agree to pay an administrative fee” is considered nonresponsive. RMA acknowledges that the administrative fee percentage may differ between vendors, industries, and responses.

Vendors are responsible for paying the administrative fee on each invoice paid by RMA – this is done by “short paying” the invoiced amount by the percentage administrative fee contained within the Agreement. However, the Vendor may propose alternate ways to pay the administrative fee, provided that payment is paid at minimum quarterly (and Vendor must cooperate with any audits of these reports to ensure that the administrative fee is paid on all items purchased under the Agreement).

Automotive Parts Program [RMA-2020-003]

Appendix 2 – Form of Agreement

To be provided to successful Vendor(s)

Form of Agreement Schedule / Key Provisions Schedule - 1

Automotive Parts Program [RMA-2020-003]

Mandatory Requirements Schedule

Mandatory Requirement	Evaluation
<p>1. <u>Labelled Electronic Submission</u></p> <p>The Proposals will be submitted to the Tenders@RMATrade.com e-mail in the applicable format, labelled to prominently identify the RFP number, proposal name, the message "Hold for Proposal Opening", prior to the Proposal Submission Deadline.</p>	<p><i>Pass or Disqualification</i></p>
<p>2. <u>Proposal Format and Content</u></p> <p>The Proposal includes the required content and in the required format (hard copy or electronic copy) as set out at Section 3.2 (Proposal Format).</p>	<p><i>Pass or Disqualification</i></p>
<p>3. <u>Authorized Signature</u></p> <p>Where a form contains a signature line, the form must be executed by an authorized signatory of the Proponent.</p>	<p><i>Pass or Disqualification</i></p>
<p>4. <u>Proof of Insurance</u></p> <p>The original certificate of insurance is from a reputable insurer or insurers licensed to underwrite insurance in Canada. The certificate must list all of the insurance coverage specified in the Appendix 1 - Goods/Services and state that such insurance is in place.</p> <p>Note: Prior to signing the Agreement, the Vendor will be required to provide an original certificate from a reputable insurer or insurers licensed to underwrite insurance in Canada identifying RMA as a "Certificate Holder".</p> <p>Any exceptions or assumptions to the insurance requirements must be identified on Form D – Exceptions to RFP or Form of Agreement. Exceptions and assumptions will be considered as part of the evaluation process. Any exceptions or assumptions that Proponents submit must be specific. If a Proponent does not include specific exceptions or assumptions when submitting the Proposal, RMA will typically not consider any additional exceptions or assumptions during the evaluation process.</p>	<p><i>Pass or Disqualification</i></p>
<p>5. <u>Workers Compensation Clearance Certificate</u></p> <p>The Proposal includes a copy of the Proponent's current and valid workers compensation clearance certificate or letter.</p>	<p><i>Pass or Disqualification</i></p>
<p>6. <u>Documents of Authority</u></p> <p>If the Proposal is from a non-manufacturer, the Proposal includes a letter from the Proponent's Senior Executive team confirming their authority to offer goods/services on behalf of their manufacturers partners and includes that documentation from the manufacturers can be provided to RMA or its Members, if requested.</p> <p>If the Proposal is from a dealer or reseller of the Goods/Services, the Proposal includes documentation of the Proponent's authority to offer those Goods/Services.</p>	<p><i>Pass or Disqualification</i></p>

Automotive Parts Program [RMA-2020-003]

Rated Elements Schedule

Rated Element	Available Points	Evaluation
Part A Corporate Overview (available points: 40)		
<p>1. <u>Corporate Overview</u></p> <p>Provide the following for the Proponent (and, if the Proponent is representing a consortium, each member of that consortium):</p> <ul style="list-style-type: none"> • Indicate whether incorporated, partnership, sole proprietorship or other • Private company/public company (if public, the exchange it is listed on) • Canadian head office location or registered office (if any) • Corporate head office location (if different than above) • Brief overview of the company background • Number of years in business • Has your company or division been involved in a merger or acquisition in the past five years? 	20	Per Evaluation Matrix
<p>2. <u>Legal Actions</u></p> <p>The Proponent should disclose any pending or threatened legal action against the Proponent or by the Proponent against any third party that may have an impact on its ability to effectively deliver the Goods/Services.</p> <p>Proponents who are subject to legal action will be scored on the degree to which the legal action may increase the risks or costs to RMA or diminish the effectiveness of the Proponent's performance or output. If the Evaluation Team determines that legal</p>	20	Clearly provide all requested information. Evaluation methodology detailed at left.

Automotive Parts Program [RMA-2020-003]

Rated Element		Available Points	Evaluation
actions present significant concern in light of the foregoing, the Proponent may receive zero points for this section. If RMA determines that a Proponent is subject to a legal action that ought to have been disclosed and was not disclosed, RMA may disqualify that Proponent. Proponents that indicate that they have no legal actions will receive the maximum number of points for this section.			
Part B Experience and Qualifications (available points: 50)			
3. <u>Proponent Experience</u>		50	Per Evaluation Matrix
Describe Proponent's experience with Automotive Parts within the public sector as well as the Proponent's experience with co-operative procurement. Also, if the Proponent represents a consortium: <ul style="list-style-type: none">• Describe its experience and success in working in a consortium model• Indicate how the Proponent (as prime contractor) and the members of the consortium individually contribute to the qualities, capabilities and experiences required.			
4. <u>Personnel</u>		20	Per Evaluation Matrix
The Proponent should submit information related to the qualifications and experience of personnel who will form the Proponent's core team, which may include resumes, documentation of accreditation, and/or letters of reference. See Section 2.16.3 (Personal Information) before submitting any such personal information.			
5. <u>Workplace safety</u>		20	Per Evaluation Matrix
A Certificate of Recognition ("COR") is awarded to employers who develop a health and safety program that meets established standards. A COR shows that the employer's health and safety management system has been evaluated by a certified			

Rated Element	Available Points	Evaluation
<p>auditor and meets provincial standards. These standards are established by Occupational Health and Safety ("OHS"). Proponents that maintain a formal HSE-Management System and hold a valid Certificate of Recognition ("COR") or Small Employer Certificate of Recognition ("SECOR") will obtain higher evaluation points. A copy of the Proponent's COR or SECOR is requested with their bid submission.</p> <p>Part C Goods/Services Description (available points: 570)</p>		
<p>6. Functional Requirements</p> <p>a) Range of Products: Interested Proponents are requested to respond with their most comprehensive list of related products that are considered applicable to the Automotive Parts Program RFP category. Automotive Parts categories may include, but not be limited to air conditioning, batteries, belts & hoses, brakes, cooling & heating, engine parts & mounts, exhaust, filters & valves, hardware & fasteners, ignition & tune-up, paint, ride control & suspension, steering, wheel, transmission & transaxle, wiper blades, and tools & shop equipment. Tools & shop equipment may include, but not be limited to, diagnostic equipment, jacks, vehicle lifts, tire changers, wheel balancing equipment, and dollies. Proponents should provide an inclusive suite of available products and solutions, and clearly identify if there are any exclusions to their response.</p> <p>b) Pricing and Discounts: In correlation with the range of products submitted in the Automotive Parts Program RFP, Proponents are requested to provide a corresponding pricing and proposed discount model for all products listed in the response. Examples of pricing models may come in the form of % discount off catalogue list price or may be item by item fixed pricing for the term of the contract. For added clarity, the depth and breadth of each Proponent's range of products proposed, and the pricing and discount model deliverables will be evaluated independent of one another.</p> <p>1) The same as the Proponent typically offers to an individual municipality, university, or school district;</p>	100	Tools & Shop Equipment account for up to 20 out of 100 available points for range of products.
	300	
	0	Only one of the three discount models will apply with points awarded to best

Automotive Parts Program [RMA-2020-003]

Rated Element	Available Points	Evaluation
<p>2) The same as the Proponent typically offers to Group Purchasing Organizations (GPO's), co-operative procurement organizations, or provincial purchasing departments;</p> <p>3) Better than the Proponent typically offers to Group Purchasing Organizations (GPO's), co-operative procurement organizations, or provincial purchasing departments.</p> <p>c) Administration Fee: Administrative fees are intended to offset the solicitation, administration, marketing and accounting functions provided by RMA and Members.</p> <p>d) Product Delivery and Shipping Considerations: Interested Proponents are requested to respond with their best offer for shipping costs and timelines. Shipping regions potentially span Canada-wide, whereby MASH/MUSH sector and not-for-profit organizations across Canada will have access to the awarded contract. Proponents are encouraged to demonstrate their robust supply chain network that reduces or eliminates shipping costs and reduces delivery times. In addition to the product delivery and shipping consideration deliverables, interested Proponents are to provide a description of their distribution network(s) in Canada along with any excluded regions in Canada that cannot be served through this network.</p> <p>e) Product Availability: Proponents are requested to describe their ability to supply products in a timely manner to Members. Rated elements include distribution network, inventory availability, number of SKU's available, number of supplier contracts, fill rate percent, and how back orders are handled.</p>	<p>10</p> <p>50</p> <p>20</p> <p>120</p> <p>40</p>	<p>value to the member to a maximum of 50 points.</p> <p>As per 4.4 Pricing/Administrative fee Matrix</p> <p>Delivery/Shipping Cost 60 points (factoring as per 4.4 Pricing/Administrative fee Matrix)</p>
<p>7. Technical Requirements</p> <p>a) The Proponent's ability to provide electronic billing compatible with the RMA accounting system for Member purchases. Describe billing formats available from your Organization.</p>	40	Per Evaluation Matrix

Automotive Parts Program [RMA-2020-003]

Rated Element		Available Points	Evaluation
Part D Approach, Marketing Plan, Value-Add (available points: 300)			
8. <u>Proposed Approach</u> Describe the critical success factors, risks and strategic opportunities for this project. Describe your methodology and approach to a successful start up / implementation plan and ongoing review and monitoring of the contract. You should address your approach to: <ul style="list-style-type: none">• Project management• Design process• Change management• Quarterly meetings and analysis of opportunities	50	Per Evaluation Matrix	
9. <u>Proposed Marketing Plan</u> Provide a high-level marketing plan showing the Proponent's commitment to successful implementation of the Goods/Services. Examples include co-branded marketing materials, product information available through website, tele-marketing, training, factory tours, use of associations newsletters, participation in tradeshow and any other opportunities for outreach. RMA has the following expectations regarding the marketing plan, which the Proponent should address: <ul style="list-style-type: none">• <i>Effective communication.</i> Marketing success depends on communicating the contract's value, knowing the contract thoroughly, and communicating the proper use of contracted Goods/Services to the end user. Much of the success and sales reward is a direct result of the commitment to the contract by the selected proponent's sales teams.	150	Per Evaluation Matrix A Proponent must achieve a minimum score of 65% of the Available Points for this criterion. Failure to do so may result in the disqualification of the Proponent's Proposal.	

Automotive Parts Program [RMA-2020-003]

Rated Element	Available Points	Evaluation
<ul style="list-style-type: none"> • <i>Demonstrate the ability to deploy sales force or dealer network.</i> RMA expects that a Vendor's sales force will likely be the primary source of communication with Members and will directly affect the contract's success. Effective proposals demonstrate the ability to sell, deliver, and service products through acceptable distribution channels to Members in all provinces and territories (although a national scope is preferred, a Proponent may specify only certain regions for its Proposal). Proponents' responses should fully demonstrate their sales and service capabilities, should outline their provincial sales force network (both numerically geographically), and should describe their method of distribution of the offered Goods/Services. Service may be independent of the product sales pricing, but RMA encourages related services to be a part of Proponents' response. • <i>Demonstrate a commitment to fully embrace the RMA contract.</i> Proponents should identify both the appropriate levels of sales management and sales force that will need to understand the value of the RMA contract, as well as the internal procedures needed to deliver the appropriate messaging to Members. Proponents should outline their proposed involvement in promoting an RMA contract through applicable industry trade show exhibits and related customer meetings. Proponents are encouraged to consider participation with RMA at RMA-endorsed tradeshow and tradeshow of the represented associations. • <i>Process commitment.</i> Proponents should identify their commitment to develop a sales/communication process to facilitate Member purchases and establish status of current and potential agencies/members. Proponent should further express their commitment to capturing sufficient Member information as is deemed necessary by RMA. • <i>Additional steps if awarded contract.</i> Proponents should exhibit the willingness and ability to actively market and develop contract-specific marketing materials including the following items if awarded a contract: 		

Automotive Parts Program [RMA-2020-003]

Rated Element	Available Points	Evaluation
<ul style="list-style-type: none">o <i>Complete marketing plan.</i> The Vendor will be required to submit a marketing plan outlining how it will launch the RMA contract to current and potential Members. RMA requires the Vendor to embrace and actively promote the contract in cooperation with the RMA and the represented Associations.o <i>Printed and electronic marketing materials.</i> The Vendor will produce and maintain full color print advertisements in camera-ready electronic format, including company logos and contact information to be used in the RMA and the represented Associations directory and other approved marketing publications. Vendors will work with RMA and represented Associations to create co-branded materials both in print and electronic format. Vendors will provide RMA and represented Associations permission to use logos in marketing materials and presentations.o <i>Contract announcements and advertisements.</i> Vendors will outline in the complete marketing plan their anticipated contract announcements, advertisements in industry periodicals, and other direct or indirect marketing activities promoting the awarded RMA contract.o <i>Vendor's website.</i> The Vendor will establish how an awarded contract will be displayed and linked on the Vendor's website. An online shopping experience for Members is desired whenever possible.

Automotive Parts Program [RMA-2020-003]

Form B – Proponent Questionnaire
General Business Information

Proponent Name: _____

Questionnaire completed by: _____

Please identify the person RMA should correspond with from now through the Award process:

Name: _____ Email address: _____

Please answer the questions below using the Microsoft Word® version of this document. This allows RMA evaluators to cut and paste your answers into a separate worksheet. Place your answer directly below each question. RMA prefers a brief but thorough response to each question. Please do not merely attach additional documents to your response without also providing a substantive response. Do not leave answers blank; mark "N/A" if the question does not apply to you (preferably with an explanation). Please create a response that is easy to read and understand. For example, you may consider using a different font and color to distinguish your answer from the questions.

Corporate Overview – please provide a brief overview of the following information, no more than 10 pages in length.

History of your Company and Organization
Products and Services
Manufacturing and Distribution Facilities
Retail Locations and Branches
Sales and Customer Support Teams
Ecommerce Tools
Value Added Services
Turnaround Times

Company Information & Financial Strength

- 1) Provide the full legal name, mailing and email addresses, tax identification number, and telephone number for your business.
- 2) Provide a brief history of your company, including your company's core values, business philosophy, and longevity in the industry relating to this RFP.
- 3) Provide a detailed description of the products and services that you are offering in your proposal.
- 4) What are your company's expectations in the event of an award?
- 5) Demonstrate your financial strength and stability with meaningful data.
- 6) What is your Canadian market share for the solutions that you are proposing?
- 7) Has your business ever petitioned for bankruptcy protection? If so, please explain in detail.
- 8) How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization.

Automotive Parts Program [RMA-2020-003]

- a) If your company is best described as a distributor/dealer/reseller (or similar entity), please provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned?
 - b) If your company is best described as a manufacturer or service provider, please describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?
- 9) If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.
- 10) Provide all "Suspension or Disbarment" information that has applied to your organization during the past ten years.
- 11) Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.

Industry Recognition & Marketplace Success

- 12) Describe any relevant industry awards or recognition that your company has received in the past five years.
- 13) Provide a list of your top five governmental or educational customers (entity name is optional), including entity type, the province the entity is located in, scope of the projects, size of transactions, and dollar volumes from the past three years.
- 14) Indicate separately what percentages of your sales are to the government and education sectors in the past three years?
- 15) List any provincial or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?
- 16) List any Program and Administrative Support Agreement contracts that you hold.
- 17) What do you consider to be the top three market differentiators of your products/services relative to this RFP category?
- 18) Describe your experience in working with RMA and represented Associations members.

Proponent's Ability to Sell and Deliver Service Nationwide

- 19) Describe your company's capability to meet RMA and represented Associations Member's needs across Canada or for each geographical area that the Proponent wishes to do business in. Your response should address at least the following areas.
- a) Sales force.
 - b) Dealer network or other distribution methods.
 - c) Service force.

Please include details, such as the locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your

Automotive Parts Program [RMA-2020-003]

direct employers (or employees of a third party), and any overlap between the sales and service functions.

- 20) Describe in detail the process and procedure of your customer service program, if applicable. Please include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.
- 21) Identify any geographic areas in Canada that you will NOT be fully serving through the proposed contract. Please explain your answer. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?

Marketing Plan

- 22) If you are awarded a contract, how will you train your sales management, dealer network, and direct sales teams (whichever apply) to ensure maximum impact? Please include how you will communicate your RMA pricing and other contract detail to your sales force provincially.
- 23) Describe your marketing strategy for promoting this contract opportunity. Please include representative samples of your marketing materials in electronic format.
- 24) Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.
- 25) In your view, what is RMA's and the represented Associations' role in promoting contracts arising out of this RFP? How will you integrate an RMA-awarded contract into your sales process?
- 26) Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.

Value-Added Attributes

- 27) Describe any product, equipment, maintenance, training programs that you offer to RMA and represented Associations' Members. Please include details, such as whether training is standard or optional, who provides training, and any costs that apply.
- 28) Describe any technological advances that your proposed products or services offer.
- 29) Describe any "green and/or charitable" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.
- 30) What unique attributes does your company, your products, or your services offer to RMA and represented Associations' Members? What makes your proposed solutions unique in your industry as it applies to RMA and represented Associations' Members?
- 31) Identify your ability and willingness to provide your products and services to RMA and represented Associations' Members in Canada.

Automotive Parts Program [RMA-2020-003]

Payment Terms, Warranty, Products and Services, Pricing and Delivery, and Industry-Specific Questions

Payment Terms and Financing Options

- 1) What are your payment terms (e.g., net 10, net 30)?
- 2) Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?
- 3) Briefly describe your proposed order process. Please include enough detail to support your ability to report quarterly sales to RMA. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the RMA Members' and represented Associations Members' purchase orders.

Warranty

- 4) Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may include in your response a copy of your warranties, but at a minimum please also answer the following questions.
 - Do your warranties cover all products, parts, and labor?
 - Do your warranties impose usage restrictions or other limitations that adversely affect coverage?
 - Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?
 - Are there any geographic regions in Canada for which you cannot provide a certified technician to perform warranty repairs? How will RMA Members' and represented Association Members' in these regions be provided service for warranty repair?
 - Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?
 - What are your proposed exchange and return programs and policies?
- 5) Describe any service contract options for the items included in your proposal.

Pricing, Delivery, Audits, and Administrative Fee

- 6) Provide a general narrative description of the equipment/products and related services you are offering in your proposal.
- 7) Describe your pricing model (e.g. line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the RMA discounted price) on all the items that you want RMA to consider as part of your RFP response. Provide a SKU for each item in your proposal. (Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract. See the body of the RFP and the Price and Product Change Request Form for more detail.)
- 8) Please quantify the discount range presented in this response. For example, indicate that the pricing in your response represents is a 50% percent discount from the MSRP or your published list.
- 9) The pricing offered in this proposal is

Automotive Parts Program [RMA-2020-003]

- _____ a. the same as the Proponent typically offers to an individual municipality, university, or school district.
 - _____ b. the same as the Proponent typically offers to GPOs, cooperative procurement organizations, or provincial purchasing departments.
 - _____ c. better than the Proponent typically offers to GPOs, cooperative procurement organizations, or provincial purchasing departments (please describe).
- 10) Describe any quantity or volume discounts or rebate programs that you offer.
- 11) Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.
- 12) Identify any total cost of acquisition costs that are **NOT** included in the pricing submitted with your response. This cost includes all additional charges that are not directly identified as freight or shipping charges. For example, list costs for items like installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proponent.
- 13) If delivery or shipping is an additional cost to the RMA Member and represented Association Member, describe in detail the complete shipping and delivery program.
- 14) Specifically describe those shipping and delivery programs for Canada.
- 15) Describe any unique distribution and/or delivery methods or options offered in your proposal.
- 16) Please specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with RMA. This process includes ensuring that RMA Members and represented Associations Members obtain the proper pricing, that the Vendor reports all sales under the Contract.
- 17) Identify a proposed administrative fee that you will pay to RMA for facilitating, managing, and promoting the RMA Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See RFP Section 5.28 and following for details.)

Industry-Specific Questions

- 18) Describe the top three market differentiators of your products/services relative to this RFP category.
- 19) Within the RFP category there is the potential to be several different sub-categories of solutions. Identify the sub-category title(s) that would best describe your products, equipment and supplies.

Signature: _____ Date: _____

Automotive Parts Program [RMA-2020-003]

Form C – Proponent Information and Assurances

I am duly authorized by the undersigned company (the “Proponent”), including the persons, firms, corporations, and advisors joining in the submission of this Proposal, and represent to Rural Municipalities of Alberta (“RMA”) that the following information is correct. Terms not defined herein are defined in the RFP.

1. Proponent Information

- (a) The full legal name of the Proponent is:

- (b) All other registered business names under which the Proponent carries on business are:

- (c) The jurisdiction in which the Proponent is organized and existing is:

- (d) The name, address, telephone, and e-mail address of the contact person for the Proponent:

Contact Name:

Address:

Telephone:

E-mail address

2. Addenda

The Proponent is deemed to have read and accepted all addenda to the RFP issued by RMA to date. The Proponent understands that the onus remains on the Proponent to have made any necessary amendments to its Proposal based on the addenda in framing its Proposal.

3. Unfair Advantage and Conflict of Interest

The Proponent has reviewed the definitions of Unfair Advantage and Conflict of Interest set out in Section 2.1 (Definitions) of the RFP. If the boxes below are left blank, the Proponent shall be deemed to declare that (a) it has had no Unfair Advantage in preparing its Proposal and (b) there is no foreseeable actual or potential Conflict of Interest in performing the contractual obligations contemplated in the RFP.

Automotive Parts Program [RMA-2020-003]

If either or both of the statements below apply, check the appropriate box:

- ☐ The Proponent declares that there is an actual or potential Unfair Advantage relating to the preparation of its Proposal.
- ☐ The Proponent declares that there is an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the RFP.

If the Proponent declares an actual or potential Unfair Advantage and/or an actual or potential Conflict of Interest (by marking either of the boxes above), relevant details are to be set out below.

4. Disclosure of Information and Freedom of Information

The Proponent hereby consents to the disclosure, on a confidential basis, of this Proposal by RMA to RMA's advisers retained for the purpose of evaluating or participating in the evaluation of this Proposal.

Freedom of information legislation (**FOIP**) will apply to records provided to RMA by a Proponent, and may require disclosure of such records to third parties.

The following chart is provided for Proponents to list all records supplied in confidence by the Proponent to RMA pursuant to this procurement process (e.g. their Proposal or any accompanying documentation). It is intended to assist RMA in determining what aspects of the Proposal are non-confidential (i.e., contain publicly available information), and what aspects are confidential. Confidential aspects either contain:

- business information – where disclosure would be harmful to the Vendor's business interests, or
- personal information – where disclosure would be an unreasonable invasion of personal privacy.

Record	Full Disclosure	Partial Disclosure	Identify portions of Record (e.g. pages or sections) that are supplied in confidence and the exemption(s) or exclusion(s) under FOIP being relied upon

Automotive Parts Program [RMA-2020-003]

Note: Listing the entire Proposal is not a useful means of distinguishing confidential from non-confidential information.

5. Capabilities and Performance

Check the appropriate box:

- ☐ The Proponent's Proposal applies to the sale of Goods/Services to Members in all Canadian provinces and territories, without any geographic restriction.
- ☐ The Proponent's Proposal only applies to the sale of Goods/Services to Members in the following provinces, territories or regions:

It is the responsibility of the Proponent to seek clarification from the RFP Contact or its own advisors on any matter it considers to be unclear – including any indemnity and insurance requirements in the Appendix 2 – Form of Agreement.

The Proponent understands that no delivery of Goods/Services will commence until RMA has entered into a contract with a Vendor.

1. Approval Process

The CANOE logo and the corporate colours are key elements for establishing and maintaining the brand identity. It needs to be used appropriately and consistently across all printed and on-screen applications. It is vital the logo retains its intended shape, form, and colour. Therefore, it is imperative that no one attempts to modify or recreate the logo under any circumstances.

CANOE administers business services programs on behalf of partner associations across Canada. As part of this agreement, CANOE approves the usage of their logos on co-branded materials. Usage requirements for these logos is the same as the guidelines specified above.

To access all branding collateral, the CANOE supplier portal access is found below.

Login: <https://supplierhub.canoeprocurement.ca/>

Password: 4cross-Canada!

All co-branded materials using the logos of CANOE or its partner associations must be approved prior to publication. Drafts of co-branded materials can be sent to communications@RMAAlberta.com for review and approval.

Supplier's Trade-marks

1. Approval Process

The NAPA logo is the graphic representation of the NAPA organization. Every time the NAPA name is used, the logo must be reproduced correctly to ensure the consistency of the brand image and its commercial and social reach.

As identification elements that are essential to all spheres of NAPA's activities, the NAPA logo and the NAPA family logos must be reproduced in keeping with the official graphic standards.

The NAPA logo is a registered trademark of the national Automotive Parts Association national headquarters. Any unauthorized use of the logo is illegal.

CANOE must receive NAPA's approval before using NAPA's logo in its communications to ensure the consistency of the brand image and its commercial and social reach.

NAPA recommends that CANOE provides the layout of communication pieces to ensure they meet NAPA's quality and communication standards.

2. Contact

For any additional information, please contact NAPA's marketing department at;

Alexandre Dionne - Corporate Visibility Coordinator

adionne@uapinc.com

(514) 256-5031 ext: 7804

3. Logos and Specifications

Logos can be downloaded from <http://www.uapinc.com/media-library/>. The NAPA branding guide should be used for all specifications.

SCHEDULE "E"

CHANGE REQUEST FORM

Instructions for Supplier

Supplier will limit price profile changes to one change per calendar year, provided however that Supplier may change the price profile with appropriate 30-day's notice due to variable costs such as tariffs, taxes, or material costs raising by more than five percent (5%). Such price profile changes as noted above will be limited to four (4) maximum per year on a calendar quarterly basis. Company's approval of such price profile changes shall not be unreasonably withheld. Any price profile changes proposed by either Party must be accompanied by appropriate data and backup. Any price profile changes must be agreed to by both parties (Supplier and Company) at least thirty (30) days before going into effect.

Price decreases: CANOE expects the Supplier to propose its best prices however price decreases will be considered.

The following Change Request Form is generic and the check boxes for "Price Increase" can be used for submission of the price profile change.

Supplier Name and Type of Change Request

Supplier Legal Name: _____

CANOE Contract Number: _____

Check all changes that apply:

- | | |
|--|---|
| <input type="checkbox"/> Adding Goods/Services | <input type="checkbox"/> Price Increase |
| <input type="checkbox"/> Deleting Goods/Services | <input type="checkbox"/> Hot List Pricing |

Detailed Explanation of Need for Changes

List the Goods/Services that are changing or being added or deleted from the previous contract price list, along with the percentage change for each item or category. (Attach a separate, detailed document if changing more than 10 items.)

Provide a general statement and documentation explaining the reasons for these price and/or Goods/Services changes. EXAMPLES: 1) *"All pricing for paper products and services are increased 5% because of increased raw material and transportation costs (see attached documentation of fuel and raw materials increase)."* 2) *"The 6400 series floor polisher is being added to the product list as a new model, replacing the 5400 series. The 6400 series 3% increase reflects technological changes that improve the polisher's efficiency and useful life. The 5400 series is now included in the "Hot List" at a 20% discount from the previous pricing until the remaining inventory is liquidated."*

If adding Goods/Services, state how these are within the scope of the original RFP.

If changing prices or adding Goods/Services, state how the pricing is consistent with existing CANOE Program Pricing.

Complete Restatement of Program Pricing Submitted

A COMPLETE restatement of Program Pricing, including all new and existing Goods/Services is attached and has been emailed to the Manager of Supplier Relations.
