1.1.2 About Canoe Procurement Group of Canada

CANOE is the lead agency and procurement authority in a group of partners representing MASH, public sector, and not-for-profit entities across Canada. Proponents must answer specification questionnaires directly into Canoe's Procurement Portal. Proposal materials should be prepared and submitted in accordance with the instructions in the Procurement Portal, including any maximum upload file size.

[End of Part B]

PART C – EVALUATION, NEGOTIATION AND AWARD

1.1 Stages of Evaluation and Negotiation

Canoe will conduct the evaluation of proposals and negotiations in the following stages:

1.2 Stage I – Mandatory Submission Requirements

Stage I will consist of a review to determine which proposals comply with all of the mandatory submission requirements. If a proposal fails to satisfy all of the mandatory submission requirements, Canoe will issue the proponent a rectification notice identifying the deficiencies and providing the proponent an opportunity to rectify the deficiencies. If the proponent fails to satisfy the mandatory submission requirements within the Rectification Period, its proposal will be rejected. The Rectification Period will begin to run from the date and time that Canoe issues a rectification notice to the proponent. The mandatory submission requirements are set out in Part B - RFP PARTICULARS.

1.3 Stage II – Evaluation

Stage II will consist of the following two (2) sub-stages:

1.3.1 Mandatory Technical Requirements

Canoe will review the proposals to determine whether the mandatory technical requirements as set out in Part B - RFP PARTICULARS have been met. If a proposal fails to satisfy all of the mandatory technical requirements, Canoe will issue the proponent a rectification notice identifying the deficiencies and providing the proponent an opportunity to rectify the deficiencies. The rectification process for these requirements may occur after any rectification process for mandatory submission requirements. Proposals that do not satisfy the mandatory technical requirements within the Rectification Period will be rejected.

1.3.2 Non-Price Rated Criteria

Canoe will evaluate each qualified proposal on the basis of the non-price rated criteria as set out under Evaluation Criteria in Part B - RFP PARTICULARS.

1.4 Stage III – Pricing

Stage III will consist of a scoring of the submitted pricing of each qualified proposal. The evaluation of price will be undertaken after the evaluation of mandatory requirements and rated criteria has been completed.

In the event that a proponent's pricing appears to be abnormally low in relation to the Deliverables, Canoe may require the proponent to provide a detailed explanation of the pricing information to account for the low level of price and confirm that all requirements in respect of the Deliverables have been taken into account. If the proponent is unable to satisfactorily account for the abnormally low pricing, Canoe may reject the proposal. Canoe may also reject any proposal that contains unbalanced pricing. Pricing may be considered unbalanced where nominal or significantly understated prices are proposed for some elements of the Deliverables and inflated prices are proposed for other elements of the Deliverables. Unbalanced pricing includes, but is not limited to, "front-loaded" pricing which contains inflated pricing for Deliverables to be provided or completed at the beginning of the contract, offset by understated pricing for Deliverables to be provided or completed later in the contract.

1.5 Stage IV – Ranking and Contract Negotiations

1.5.1 Ranking of Proponents

After the completion of Stage III, all scores from Stage II and Stage III will be added together and the proponents will be ranked based on their total scores. The top-ranked proponent(s) will receive a written invitation to enter into direct contract negotiations to finalize the agreement with Canoe. In the event of a tie, the selected proponent will be the proponent with the highest score on the non-price rated criteria.

1.5.2 Contract Negotiation Process

Any negotiations will be subject to the process rules contained in the Part D – TERMS AND CONDITIONS OF THE SOLICITATION PROCESS and will not constitute a legally binding offer to enter into a contract on the part of Canoe or the proponent, and there will be no legally binding relationship created with any proponent prior to the execution of a written agreement. The terms and conditions found in the Draft Form of Agreement (Part E) are to form the basis for commencing negotiations between Canoe and the selected proponent. Negotiations may include requests by Canoe for supplementary information from the proponent to verify, clarify, or supplement the information provided in its proposal or to confirm the conclusions reached in the evaluation, and may include requests by Canoe for improved pricing or performance terms from the proponent.

1.5.3 Time Period for Negotiations

Canoe intends to conclude negotiations and finalize the agreement with the top-ranked proponent during the Contract Negotiation Period (15 calendar days), commencing from the date Canoe invites the top-ranked proponent to enter negotiations. A proponent invited to enter into direct contract negotiations should therefore be prepared to satisfy the pre-conditions of award listed in Part B - RFP PARTICULARS provide requested information in a timely fashion, and conduct its negotiations expeditiously.

1.5.4 Failure to Enter into Agreement

If the pre-conditions of award listed in Part B - RFP PARTICULARS are not satisfied or if the parties cannot conclude negotiations and finalize the agreement for the Deliverables within the Contract Negotiation Period, Canoe may discontinue negotiations with the top-ranked proponent and may invite the next-best-ranked proponent to enter into negotiations. This process will continue until an agreement is finalized, until there are no more proponents remaining that are eligible for negotiations, or until Canoe elects to cancel the solicitation process.

1.5.5 Notification of Negotiation Status

Other proponents that may become eligible for contract negotiations may be notified at the commencement of the negotiation process with the top-ranked proponent(s).
