In addition, STIHL supports our Dealer network with over 250 field support staff strategically located across the country.	*
27	Describe the network of Authorized Sellers who will deliver Solutions, including dealers, distributors, resellers, and other distribution methods.	STIHL only sells through independent authorized Dealers. These 11,000 Dealers have been strategically selected and are able to sell, service and provide spare parts for the STIHL products they sell. These dealers are supported by 11 regional distribution centers and provide regional sales and service support.	*
28	Service force.	Service is a pillar of STIHL's go to market strategy. All STIHL Dealers are able to support the STIHL products they sell with service, spare parts and warranty service. STIHL supports our Dealers with 11 strategically placed distribution points that are able to provide next day ground service for a majority of our Dealers.	*
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Our goal is to keep the ordering process as simple as possible and follow our existing standard procedures for our dealers. Sourcewell members will work with their local STIHL Dealer as they do now to determine the proper equipment for their needs. The Sourcewell member will then generate a purchase order to the Dealer using the Sourcewell contract pricing. The Dealer will then fulfill the purchase order with their on-hand inventory or by sourcing the product from their local STIHL warehouse. A majority of STIHL dealers have next day ground service from their STIHL distribution point. If any further assistance is needed we have our 250 person strong field staff or our internal contact outlined previously to resolve any issues.	*
30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises. Provided the Sourcewell member meets Sourcewell's member requirements, STIHL would not restrict access to any members on a state, municipality or local level. Table 6: Pricing (400 Points)

Provide detailed pricing information in the questions that follow below.

Line Item	Question	Response *	
59	Describe your payment terms and accepted payment methods.	Payment terms are determined by our dealers. Most dealers prefer terms of net 30.	*
60	Describe any leasing or financing options available for use by educational or governmental entities.	STIHL has comprehensive installment loans and leasing programs available for our zero turn mowers for commercial customers. These programs vary from quarter to quarter due to volatility in the financial markets. Please check our website for our latest programs: https://www.stihlusa.com/zero-turn-financing/	*
61	Describe any standard transaction documents that you propose to use in connection with an awarded agreement (order forms, terms and conditions, service level agreements, etc.). Upload all template agreements or transaction documents which may be proposed to Participating Entities.	Sourcwell members will purchase STIHL products from their local STIHL dealer. The Sourcwell member can use their standard purchase order process with the dealer. The dealer will then use a standardized form for reimbursement from STIHL.	*
62	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcwell participating entities for using this process?	P-card acceptance is at the discretion of the local STIHL dealer. As STIHL will not directly process the Sourcwell purchase order, we can not guarantee P-card acceptance.	*

63	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	STIHL's pricing model is based on our MSRP. Sourcewell members will receive a 20% discount off of MSRP as shown in the attached file.	*
64	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Sourcewell members will receive a 20% discount off of STIHL's published MSRP on all wholegoods and accessories.	*
65	Describe any quantity or volume discounts or rebate programs that you offer.	Volume discounts are not a part of STIHL's offering to Sourcewell members. However, STIHL dealers may offer a volume discount if they so choose.	*
66	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "non-contracted items". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	STIHL will not supply any products that are not in our catalog or the attached price sheet.	*
67	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Additional charges are at the discretion of the local dealer. For STIHL products sold in the United States, a Sourcewell member should not be billed for freight or any additional charges from STIHL. Some dealers may charge a setup fee but in general setup is included in the price. For dealers that charge a setup fee it would be a separate line item on the invoice.	*
68	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	For STIHL products delivered to the fulfilling dealer in the continental United States, a Sourcewell member should not be billed for freight as STIHL has dealer friendly free freight policies that cover factory to dealer shipments. For purchase orders outside the continental United States, the Sourcewell member will be billed the freight charges as determined by the dealer. Freight charges for shipments of STIHL products from the dealer to the Sourcewell member will be determined by the dealer and billed as an additional line item.	*
69	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	For purchase orders outside the continental United States but US territories such as Alaska, Hawaii, Guam, Virgin Islands, freight charges will be determined by the dealer and added as a separate line item to the invoice.	*
70	Describe any unique distribution and/or delivery methods or options offered in your proposal.	All STIHL products are sold, setup and delivered by our STIHL dealer network.	*
71	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed agreement with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing.	In order for a dealer to be reimbursed for the Sourcewell discount, they will submit a standardized form for reimbursement. Each request is reviewed internally to ensure compliance with our program, policies and procedures. If any discrepancies are found our team will work with the dealer to resolve the issues.	*
72	If you are awarded an agreement, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the agreement.	STIHL's internal team will be processing the reimbursements and therefore we will be able to track the success of our Sourcewell program.	*
73	Provide a proposed Administration Fee payable to Sourcewell. The Fee is in consideration for the support and services provided by Sourcewell. The proposed Administrative Fee will be payable to Sourcewell on all completed transactions to Participating Entities utilizing this Agreement. The Administrative Fee will be calculated as a stated percentage, or flat fee as may be applicable, of all completed transactions utilizing this Master Agreement within the preceding Reporting Period defined in the agreement.
